Local Realtor Debates Renting vs Buying For Young Couples

November 02, 2018

November 02, 2018 -
The Ryan Realty Group in Sarnia, Ontario, have decided to discuss one of the most asked questions they receive as a company. In a blog post entitled "Renting vs Buying", Sean Ryan and his team offer advice to young people looking for a home in the current Canadian market. They also forecast the next year in an infographic.

"Renting is low risk and low reward. With a single, stable monthly payment. Generally, as a renter you can count on a predictable monthly rent, that may or may not include utilities," states Ryan. "Owning a condo involves other monthly carrying costs besides your mortgage payment, like property taxes, condo fees, utilities, and insurance."

Buying a home will be the biggest financial commitment a person can make. Education on the subject and guidance to finding the right home will take time.

"We cover this topic extensively on our site, and in person. It is the most common question we get asked," Ryan adds.

Sean Ryan has deep roots in Lambton County and has extensive knowledge about Sarnia and the surrounding areas and communities. He has more than 10 years experience in real estate buying and selling. He has extensive experience in residential real estate and investment properties including new home construction, rehab projects, and income producing projects. He is assisted by Holly Miller, who is a sales representative and client care coordinator, and Hilary Hogarth-Ryan, who is a sales representative and marketing/advertising representative.

Aside from providing listings on their site, they also provide various informative reports. These include the industry reports on "Nine Buyer Traps and How to Avoid Them", "The Best Places to Retire in Canada" and the report listing the current foreclosure properties based on location and desired price range.

Those who need more information about home-ownership in Sarnia can visit their website or their Google Maps page. People may also want to visit their social media pages on Facebook, LinkedIn, Google+, Tweeter, Pinterest, and YouTube.
