

Community Investment Opportunity Launched To Support Efforts Against Homelessness

June 01, 2016

June 01, 2016 - PRESSADVANTAGE -

House of Divine Guidance Inc., located in Silver Spring, MD, has announced that they are launching an investment opportunity, which will be available between June 1 and October 1. This will assist them in their efforts fight against homelessness. The goal is to establish a sustainable support system for families to survive the stark weather of the upcoming winter, based on the principle that thriftiness requires making the best use of one's time. Like squirrels harvesting nuts in the summer, or biblical Joseph who demonstrated the wisdom of thriftiness when he developed a survival plan during the years of plenty, the House of Divine Guidance (HDG) has developed a plan to enable support of families during the harshness of the upcoming winter.

Dr. Donna Robinson, CEO and founder of HDG, has made personal promises towards this plan. She says: "While the homeless state of women and children continues to rise, your contribution is going towards solving the problem. Every dollar given will go towards housing homeless women and children and moving them towards economic stability. Give a gift today that will change a child's life tomorrow."

The plan involves a caring community of at least three hundred (300) folks dedicating some of their coffee

and sweets monies to the tune of \$10/month. Dr. Robinson is creating the trifecta of contribution where the individual givers, the business sponsors, and the local government grants will allow HDG to focus more time and energy on care rather than fundraising. Currently, the winter shelter is a twelve week program, but the need is actually year long.

The donations collected by HDG will go toward the cost of transport to daycare, school, medical care, and employment for single mothers in need. It will also go toward subsidizing rental costs for families with children, and the cost of supplies for homeless shelters during the cold winter months.

People are encouraged to participate in any way possible. This can be done through the HDG's website, through regular post, over the telephone, through Do More 24, or simply by coming to HDG and witnessing the efforts of the staff and volunteers. Every contribution will be appreciated greatly.
