Selling houses in Baton Rouge is never easy. Very few owners have ready buyers and can secure an acceptable closing offer sooner than later. Most homeowners who try to sell their houses rely on real estate agents and multiple listing services. They are compelled to wait for months to get an offer. Not all properties get equal traction and buyers are always looking for the finest houses at the least prices. This compels owners to consider repairs and renovations, staging and third party inspection, more than one appraisal in most cases and partake in hard negotiations to make the deal acceptable to a buyer.

All homeowners must deal with the minutes of the contract, the terms set forth by the buyer, the steep commissions to be paid to the realtors and the closing cost that further dents the net return on the investment. Capitalizing on home equity is one of the most rewarding ways to secure a substantial capital but it is neither easy nor without stress. All of this stress can be completely eliminated if homeowners choose to sell directly to Dependable Homebuyers. The We Buy Houses company based in Baton Rouge is buying residential properties from owners. They are buying all types of houses in any location and every condition.

Homeowners do not have to stage their houses or repair and renovate anything. The houses can be sold in as-is condition.

Evan Roberts led Dependable Homebuyers is a real estate investment firm. They are a cash investor. They do not go through listing services. They do not hire or deal with realtors. They encourage sellers to contact them directly so they can inspect a property and present a cash offer. They have a history of providing purchase offers in a day or two after the inspection. They also have a track record of paying top dollar for all types of houses. The company does not have stringent criteria while considering residential properties. It has bought houses that were not in a desirable condition. They have also purchased relatively new homes. Read the recent press release they published at https://www.pressadvantage.com/story/29727-homeowners-in-san-antonio-can-easily-sell-their-residential-properties-to-dependable-homebuyers.

All the challenges that make selling a stressful experience are completely done away with by Evan Roberts and his team. Homeowners do not have to spend any money on advertising or marketing, staging or inspection, appraisal or repair & renovation. There is no commission or closing cost to bear. There are no hard negotiations or a long wait time before one can get a closing offer. The company makes an upfront offer. This is an all cash offer, payable as the sale gets executed. There is no part payment. The amount quoted in the offer is precisely what gets transacted and paid in full as the agreement is signed and a title company transfers the ownership. Homeowners can choose to wait, spend a lot of money and hope to sell their property at a fair price. They may choose to avoid all the hassles and sell directly to Dependable Homebuyers within a span of seven days. More of Dependable Homebuyers services can be found here.
