Classic Company Concrete Offers Extensive Twin Cities Masonry Services

November 09, 2016

November 09, 2016 -
Masonry specialists, Classic Company Concrete, now occupying a warehouse space in JGM Properties? Pakwa Business Park, offers complete masonry services.

Classic Company is a specialty concrete and masonry contractor serving commercial, industrial and residential clients in Minnesota. Classic Company specializes in stamped, colored, stained, and polished concrete inside or out.

"Our diverse background allows us to tailor our services to your expectations and valued projects. We enjoy all of the unique opportunities that this industry has to offer and strive to provide the products that your investment requires," says Classic Company president Eric Nelson.

Concrete in and around a home can take many forms and serve many functions ? from a traditional driveway, basement floor, and foundation to a decorative stamped or stained patio and path or pool. Classic Company can help you determine which application is right for your project and budget.

Building with masonry offers a number of benefits including protection, low maintenance, savings and value. Concrete is weather resistant and hold up under heavy storms, heat, and harsh winters. They also provide protection from mold and fungus, and are fire resistant.

Masonry significantly the build-up of fungus and mildew between interior and exterior walls. Masonry also muffles out noise better than traditional building materials, resulting in a quieter environment.

"From elevators, loading docks, pits, bases and trench drains, our industrial concrete sector has the experience and expertise to get the job done right," says Nelson.

Masonry products play a large role in ecologically responsible building methods and is recognized by government programs as a contributor to green building status. Masonry products are earth-friendly since

they deplete fewer natural and limited resources like timber.

Classic Company is a Certified Installer of Percoa, a manufacturer of pre-cast pervious concrete slabs, paver construction products and pollution abatement technologies that are environmentally friendly, durable, versatile, cost-effective, and easy to install.

Classic Company Concredte & Masonry Specialists are a certified ACI Flatwork Finisher, DURA CRETE, and Decorative Concrete Installer. They are also a certified Percoa Installer and are a licensed and bonded concrete contractor in Minneapolis and St. Paul.
