

TDE Wedding Introduces Tiered All-Inclusive Packages Pairing Bay Area Wedding Photography With Planning and Entertainment

November 18, 2026

MILLBRAE, CA - November 18, 2026 -
TDE Wedding, a full-service wedding company based in Millbrae, California, has outlined its tiered all-inclusive package structure that combines professional photography with planning, decor, and entertainment under a single in-house team. The packages, known as Glow, Glam, and Glitz, along with a Lite Express option, are designed to give couples across the San Francisco Bay Area a coordinated approach to their wedding day.

Founded in 2007 under the legal name The Day Entertainment, LLC, TDE Wedding serves the Peninsula and South Bay, including Millbrae, Palo Alto, Hillsborough, Redwood City, Portola Valley, San Carlos, San Mateo, and Menlo Park. The company has built its model around handling multiple wedding elements internally rather than relying on outside contractors.

At the center of the tiered offering is TDE Wedding wedding photography, which pairs with planning and

coordination, DJ and master of ceremonies services, lighting, hair and makeup, and photo booths. Because the same team manages each component, scheduling and communication are handled through one point of contact from early planning through the event itself.

"The tiered structure exists because every couple arrives with a different scope in mind," said Otis Fang, Director of Production at TDE Wedding. "Glow, Glam, and Glitz let couples choose the level of coverage and production that fits their day, while keeping photography and the surrounding services aligned under one team. That coordination is what tends to matter most once the wedding day actually begins."

The company notes that the same in-house team also provides wedding videography and wedding floral design and decor alongside photography, for couples who prefer to have those elements handled by one company. This integrated approach is intended to reduce the number of separate vendors couples must manage.

TDE Wedding has developed a specialization in Chinese and Asian weddings, working with the customs, timelines, and family considerations common to those celebrations. The company is also an official San Francisco City Hall wedding vendor, supporting couples who choose that setting for their ceremonies.

Fang added that the photography emphasis reflects long-term demand from couples. "Photography is the record couples keep for decades, so it stays at the core of each package regardless of tier," he said. "When planning, timing, and photography are managed together, the images reflect a day that ran the way it was meant to."

The Glow, Glam, and Glitz tiers are structured to accommodate varying levels of production, while the Lite Express option serves couples seeking a more streamlined package. Each configuration keeps photography central to the overall service.
