

Houston Land Clearing Contractor Provides Affordable Brush Clearing Services

June 30, 2016

June 30, 2016 - PRESSADVANTAGE -

Land Clearing of Texas, a business in Spring, TX, are proud to announce that they now offer affordable brush clearing services as part of their overall Houston land clearing services. They offer these services in Houston, Spring, Cypress, The Woodlands, Magnolia, Tomball, Montgomery, Conroe and more. The company pointed out that while new construction seems to be going on all over the country, people often don't consider the work that is done before the start of the construction, which is clearing and readying the land. This is the focus of their services.

Robert Ferguson from Land Clearing of Texas says: "We offer land clearing services for residential, commercial, and agricultural properties. We are your local land clearing and site work professionals and offer quality work at affordable prices. In our work, we use bulldozers, hydro axe mulchers, dump trucks, excavators, and any other tools required for the job."

To highlight the services they offer, the brush clearing contractor has released a video, <https://www.youtube.com/watch?v=dy0zrCGeKaI>, which shows some case works of jobs that they have recently completed. It clearly demonstrates that the company is happy to take on any job, regardless of size, and bring it to a more than satisfactory completion. It also highlights the breadth of other services that they offer, including excavation services, site prep, bulldozer services, retention and detention ponds, demolition and removal services, hydro axe mulching, and hydro seeding services.

The company prides itself on working closely with their clients and the community in order to offer superior services. Robert Ferguson adds: "We love to really be a part of the Houston area and to see the communities grow as part of our work. We are also always on the lookout for new, trained, staff members. We encourage anyone to visit our website and press the 'apply now' button to submit their CV."

Offering excavation services in Houston, the company has been at the forefront of some of the largest construction projects in the area. Their goal is to provide the highest quality services while ensuring that they also remain competitive in terms of their prices. The company has also built a reputation of always finishing

jobs on time and within budget.
