

Restaurant & Cafe Supplies Online Announces Monthly Specials Available for Restaurant Supplies Online

May 15, 2015

May 15, 2015 - PRESSADVANTAGE -

Reclaimed wood specialists, Restaurant & Cafe Supplies Online has announced the implementation of monthly special offers on their website. Each month, the company will offer a different special. They're kicking it off with 15 percent off any round reclaimed wood table tops with rustic metal straps on an order of \$3,000 or more.

"Our round reclaimed wood tops with rustic metal straps are hugely popular," says Doug Stoutenburg of Restaurant & Cafe Supplies Online. "This is due to a variety of reasons. Firstly, they are some of the most beautiful of all our wood products. Secondly, being made of reclaimed wood, they are eco-friendly, something that many businesses are now interested in. By putting these products on special offer this month, we hope to encourage more businesses to invest in their own future, and that of the planet."

More and more businesses now search for restaurant supplies online, as it is known that the online world is generally more affordable. However, this drive to online shopping has also led to various companies pushing out low-quality products. Restaurant & Cafe Supplies Online wants to be different and they stand fully behind the quality of all products they offer. Indeed, reviews from past customers are overwhelmingly

positive.

"Just wanted to thank you for the tables tops that we have received, they are beautiful!," says Vilma Brown.
"We will be ordering a few more tables in the near future."

In order to guarantee the quality of its products, the company only offers items that are made in the USA. This means that all products are ensured to have gone through stringent quality inspection standards. Additionally, it ensures a real contribution is made to the national economy. Finally, the focus is strongly on sustainability and being eco-friendly, by using reclaimed wood wherever possible. Reclaimed wood also means that each item is completely unique, as the wear caused by previous usage will be different for each piece. This adds to the rustic look and quality of the table tops.

Besides reclaimed wood tops, the company also offers a range of other products, as can be seen on rcsuppliesonline.com. These include new wood table tops, laminate table tops, metal tables, table bases, reclaimed wood tables, stainless steel tables, metal chairs, reclaimed wood shelving and wood chairs. Furthermore, the company has recently added adjustable height and standing desks to its collection. Finally, restaurant and cafe flooring and paneling are also available. Essentially, it is able to fully furnish any type of eating establishment, making it look beautiful in any style, be that rustic or modern.
