Tanners Turf Adds Synthetic Grass Product Line

December 15, 2016

December 15, 2016 -
Langley BC is the home of Tanners Turf, a premier landscaping service with years of experience in transforming properties effectively and efficiently. They have the skills to install aesthetically pleasing and high-quality synthetic grass products.

Langley BC: Tanners Turf and owner Tanner Yelland are pleased to announce the Langley landscaping services team can quickly and correctly install the best quality synthetic grass products to the homes and businesses in the Langley area. Over the years of experience, the professional team has built a customer base that knows they made the best choice for products and services. The right company means that the stress of creating and installing a beautiful and creative landscape is removed from the customer and placed with the experts of Tanners Turf.

According to Tanner, ?We offer the most detailed landscape services and maintain unique properties while dominating in our field. For anything from landscape contracting to simple landscape maintenance, we are your go-to team. After choosing us, you can feel proud knowing that we have transformed numerous properties over the years and created beautifully aesthetic landscapes.?

The synthetic grass available from Tanners Turf is 100 percent pet-friendly, is durable and requires no maintenance. The lawns of synthetic grass create a lush, healthy and exceptional look for yards. The synthetic products are perfect for areas which do not get enough sunlight or which are overused by pets or children.

The company has a large service area. The communities of Langley, Surrey, White Rock, Delta, Vancouver, Maple Ridge and Burnaby, as well as South Surrey, Abbotsford, New Westminster and Coquitlam. The goal of the firm is to execute a professional and elegant landscape that customers can be proud of throughout the entire year. The landscapers will work with customers to develop landscape fencing, hardwood decks, and other landscape features.

For residential, commercial and even strata customers, the professional landscaping team can tackle any

task. They offer general landscaping services such as lawn care, tree, and shrub work, planting, hedge trimming, bulk materials, snow plowing and salting, and more.
