Smile Cliniq Establishes State-of-the-art Finchley Dentist Practice

January 18, 2017

January 18, 2017 -
The Smile Cliniq in Finchley is a fully equipped dental practice. They are winners of the British Dental Association's Good Practice Award.

Finchley London: Smile Cliniq is pleased to announce that they offer state-of-the-art dental facilities and practices for inhabitants of the Finchley area. Choosing a dentist when there have been no dental visits in a while or when there is a fear of dentists can be challenging. The North Finchley dental practice is a winner of the British Dental Association Good Practice Award. Every part of the facility is designed to ensure that the visit with the dentist is as pleasant and comfortable as possible.

The Finchley dentist offers luxurious and comfortable surroundings personalised service and professionals who have studied with the top clinicians in the world. Seeking out a dentist that emphasises patient comfort is a good idea. Meeting the dentist in advance and touring the facilities before beginning treatment is a way to increase the level of comfort.

According to a spokesperson for the clinic, ?We also offer skin rejuvenation and wrinkle correction procedures such as lip enhancements and restylane fillers. Procedures such as tooth whitening and implants can be carried out in comfort with your local dentist professional. We are fully experienced in both general and cosmetic dentistry and will discuss all your dental options before beginning any procedures. The North Finchley dental professional will initiate treatment only when you are confident and ready.?

The staff and dentists at the clinic offer advanced computer imaging and digital photography to allow patients to view what the new smile will look like. The images are created before the dentist even begins the work. The potential patient can request a free, private and confidential consultation with the award winning dental team.

The practice offers personalised services which includes a wide range of modern treatments using the most up-to-date technology and equipment for implant, general and cosmetic dentistry. Each patient is fully

informed about the portfolio of options, including a price breakdown, ensuring affordable dental treatment.
