Dead Sea Mud Mask By Foxbrim Now Back In Stock For A Limited Time

June 11, 2015

June 11, 2015 -
Foxbrim, a health and beauty company operating from Lake Alfred, FL has just announced that their Dead Sea Mud Mask is back in stock for a limited time after selling out 3 times prior. This mask is "Cleopatra approved", which means it is completely free from additives, such as xanthan gum, which is found in most other Dead Sea mud masks. This fact really sets the product apart from all other masks.

"Pure Dead Sea mud has been coveted for hundreds, if not thousands, of years", says Troy Johnston from Foxbrim. "Indeed, it is one of the reasons why the Dead Sea is such a popular destination. While a sea in which you can only float is interesting, the novelty quickly wears off. But the benefits the mud of this sea offer don't wear off, and we have been able to harness them in our mud mask."

As is shown on the Foxbrim website, the dead sea mud mask is 100% natural. The product helps the skin to detoxify and clarify. It contains no fillers or additives or any other unnecessary ingredients. Mud from the Dead Sea has been credited with clearing the skin and offering treatment for eczema, psoriasis, acne and more. It also helps to restore the skin and have anti-aging properties. Finally, it helps to address body aches, cellulite and more.

Foxbrim imports the mud directly from Israel. They have so much faith in their product that they have backed it with a full money back guarantee. Additionally, to guarantee the quality of their product, they only produce it in small batches. Hence, customers are encouraged to put their orders in early so that they don't have to wait long before receiving it.

Legend has it that some of history's greatest figures bathed in the Dead Sea. These include the Queen of Sheba, King Solomon and, of course, Cleopatra herself. It is said that it is the richest depository of phosphates and minerals that are essential to the maintenance of cell regeneration, as well as providing stimulation to blood circulation. It has been a place for royals to go to since the time the Bible was written, if not before. To this day, the Dead Sea is know for its various spas and health resorts.

Clearly, the Dead Sea has been a place of mystery for thousands of years. Throughout the ages, people have flocked here in search of the Fountain of Youth, the Alchemist's Stone and various other mystical and mythical things. Scientists still struggle to understand just why the mud is so beneficial to overall health and well-being. However, it is undeniable that these benefits exist. They are now accessible to the pubic through the Foxbrim website, as well as on Amazon.
