The Odenton, MD location of Allogram, Inc. has announced the expansion of the geographical area that they serve, so that it now includes Baltimore. Their Baltimore trophies includes all the different awards, plaques, and trophies that the company is known for, with the same attention to detail and quality customer service. The company specializes in custom awards and recognition products and memorabilia that are made from aluminum, vinyl, bronze, plastic, corian, lucite, mirrored acrylic, marble, cherry, walnut, and oak.

Amanda Gianotti from Allogram says: "After our success in the Odenton area, we felt it was time to expand our geographical reach. We wanted to make sure, however, that we could manage the shipping and handling without having to increase prices for our customers. This is why we decided to launch our Baltimore account from our Odenton office instead of Timonium."

Baltimore plaques are now available, and the company has a wealth of different plaques to choose from. Indeed, the company currently carries a range of 678 choices, having made various materials and designs available. People are encouraged to browse the collection to find the plaque that is most suitable to their particular needs. Customers in Baltimore can order any of these plaques and have them customized to their individual requirements.

Allogram, Inc. is a highly respected company, having been recognized as an industry expert in the field of plaques, trophies, and awards. They have received a wealth of positive reviews, hailing their fantastic quality, superb customer service, and fast turn around time. Eric V.W. says on their Facebook page: "Zelma and the Allogram team really took great care of us last year when my son was working on his Eagle Scout project. They designed our dedication plaque and memorial plaques. Zelma's recommendation to use a brushed copper finish with a black engraving really looks beautiful. I also use them to make up items for us at our American Legion post, and they always do a wonderful job. If there is ever an issue, they notify us right away, and fix it before we receive the final project. They are top-notch from the top down."

Anyone looking for Baltimore custom trophies is encouraged to browse through the company's website.
