

Los Angeles Development Group Brings White Glove Approach

October 24, 2016

October 24, 2016 - PRESSADVANTAGE -

DDC Group specializes in restaurant and retail construction, with quick service restaurants a top component, globally and domestically. Current development status is 250 facilities with an additional 100 acquired by end of 2018.

Los Angeles CA: DDC Group Inc and Mr. Borisov are pleased to announce that they are a full-service construction firm with expertise in restaurant and retail projects. The firm specializes in QSR (quick service restaurants) domestically and internationally. The company is currently positioned to have 250 restaurants under development and 100 units acquired across the United States and around the world by the end of 2018. DDC is a full-service company which specializes in quick service restaurant franchise systems. Understanding the franchise system allows for a rewarding process with successful restaurants as an achievement.

A spokesperson for the restaurant construction firm explained in a recent interview, "We pride ourselves on being the number 1 restaurant developer in the industry. Our 'white glove' approach emphasizes service in our general contracting work. Our goal is to offer the best possible services to each of our clients. Our full-service team specializes in construction services. We understand the franchise system from beginning to end and specialize in growing brands nationwide."

All MEP work is done in-house, which helps to provide a more streamlined working schedule, as well as cost reduction. The retail construction team includes an interior construction group which provides restaurant and hospitality facilities. Tight timelines are no problem, with the delivery of the project which is durable and aesthetically appealing.

The group of professionals depends on a creative background and a team philosophy in order to help clients succeed in the completion of top quality spaces in the restaurant and hospitality markets. The focus of the team is both on the end result and the positive collaborative experience required to make the project a source of pride.

The plans for expanding the presence of the firm in the industry are based on achievable steps for both construction and acquisition projects. DDC services include preconstruction, estimating, value engineering, general contracting, design-build, lean construction and design, construction management and self-performed work.
