Lost Coffee is excited to unveil its newly enhanced online coffee subscription service, making it easier than ever for customers to enjoy fresh, specialty coffee delivered straight to their door. The overhauled program simplifies the selection process, offering greater flexibility in choosing grinds, quantities, coffee varieties, and delivery frequency.

With a mission to provide premium, small-batch roasted coffee to customers nationwide, Lost Coffee?s updated subscription model ensures a seamless experience. Customers can now select from four signature coffees, including:

Flat Black Espresso Blend ? Our tasty Flat Black Espresso Blend features seasonally picked washed coffee varieties from Central and South America. The blend of chocolatey notes and fruit-forward beans creates a balanced sweet taste.

Decaf Palo Rosa ? A sweet and flavorful decaf option, crafted for those who want all the taste without the caffeine.

Before Dawn Dark Roast ? A single-origin coffee taken through a longer development to provide a delicious dark roast coffee.

Roaster?s Choice ? Seasonally rotating single-origin selections curated by our roastery team of coffee professionals.

?Lost Coffee has always been about bringing people together over great coffee, and our new subscription service reflects that commitment,? said Scott Gaerte, Owner of Lost Coffee. ?We wanted to give our customers the power to personalize their coffee experience, making it as convenient and exciting as possible. With the ability to choose their coffee type, grind, and delivery frequency, we?ve crafted a program that fits seamlessly into their lifestyle.?
