Los Angeles, CA - Small Businesses In The News is offering a ClickFunnels discount to Small Business owners that are interested in trying out their software online. ClickFunnels, the internet?s clever funnel builder, has developed a software program that is everywhere on the net. ClickFunnels is an internet software application which is used to build landing pages and also sales funnels.

ClickFunnels is best used for creating landing pages, membership sites, or internet sites and also costs a lot less than various other choices around without having a full group of Internet professionals to create campaigns. The software program provides small businesses owners or marketing team members every little thing they need to market and sell online-- without having to hire or count on a tech team.

Their brand-new software program will allow those that have zero experience to produce Capture Page Funnels, Automated Webinar Funnels, Product Release Funnels, Sales Funnels (integrated with numerous types of carts), Membership sites, and also a lot a lot more. With ClickFunnels, it is simple to produce advertising and sales channels from the ground up as it incorporates all the core aspects needed to have a reliable as well as practical sales channel.

To be able to see a demo of the software at work, those interested can follow this link. After watching the trial video clip, those interested are able to obtain a ClickFunnels discount at 14 days free on their account. They can start setting up funnels and exploring the software right away.
