Selling a property is often a long, complex, stressful, and expensive endeavor. Eagle, ID property investment firm, Northwest Home Buyers is proud to announce that they have created a simple system to offer home sellers a fast way to sell their property. The "how to sell your house as is" service is already proving to be incredibly popular.

Northwest Home Buyers' Andrew Wheeler says: "We buy houses in any condition in Idaho. There are no commissions or fees and no obligation whatsoever. Our goal is to make sure the process of selling a property can be completed quickly and with minimal hassle. We encourage everyone to visit our website to provide us with some information on their property to get the ball rolling. This is free and no obligation."

As can be seen on the company's website at <http://www.northwesthomebuyers.com>, the process is incredibly easy. It starts with a home seller contacting the company and providing a few details on the property that is to be offered. Next, a meeting is arranged between the seller and Northwest Home Buyers, after which an offer is made. If the seller accepts the offer, the payment is transferred and the process is completed.

"What we aim to do is create an easy and quick way for people to sell their property," explains Andrew Wheeler. "We often work, for instance, with inherited properties, which people often cannot afford, which usually results into foreclosure. The greatest benefit people have mentioned is the fact that they don't need to do up the house in order for it to be sold. What we do is that we will take any property in any condition."

Although the focus of the company is strongly on inherited properties, they will work with all kinds of other home sellers as well. Wheeler says, "Anyone who asks us 'can you buy my home' will get a resounding 'yes' for an answer. Whether you're dealing with a repossession, a divorce, or you simply want to get rid of your house quickly, we are there to help you and we make sure you can get through this process in a rapid, hassle-free way."
