

City Towing Services Announces 24 Hour Roadside Assistance

November 28, 2016

November 28, 2016 - PRESSADVANTAGE -

Calgary towing firm offers 24/7 towing and roadside assistance services combined with locksmith services. The friendly professionals can arrive in twenty minutes or less.

Calgary AB: City Towing Services and Charles Okafor are pleased to announce that their professionals respond to service calls (<http://www.citytowing.ca/towing-services>) in twenty minutes or less, 24 hours a day, 7 days a week. The company provides both towing and roadside assistance, as well as locksmith services at affordable and competitive rates. All the staff and technicians are friendly and have the necessary expertise in their fields, whether it is towing, recovery, locksmithing or customer services.

According to Charles Okafor, "We not only guarantee our services, but we guarantee our customer service experience. When you are in an emergency situation, you have our assurance that you will be respected and that we understand the seriousness of the situation. When customers are in an emergency situation, they are anxious, stressed and sometimes frightened to be helpless and alone. We understand the situation and strive

to first help the customer feel more comfortable. Then we resolve the issue.?

He continues, "We understand that emergency towing (<http://www.citytowing.ca/emergency-towing/>) can be needed at any time, so we are available at all times and days. Our fleet of towing trucks is readily available for the vehicle and the situation. Customers who want flat-bed towing can be accommodated. Service quality is the first priority.?"

Roadside assistance includes replacing flats, dead batteries and jump starting vehicles. The technicians also offer solutions to mechanical problems. When a car key is damaged or broken, or the transponder key needs to be reprogrammed, the locksmith can provide solutions.

Towing services are available for any type of vehicle from motorcycle to cars, camper vans, recreational vehicles and trucks. Towing services can travel to the nearest garage or over long distances, whichever the customer prefers. Towing via dolly or flat-bed is available by request. The services are provided at budget friendly and affordable rates.
