March 05, 2019 -
Atlanta, GA ? Live performance music band Liquid Blue was featured to perform for a 8,000 guest corporate event for Coca-Cola in Atlanta, GA on December 8, 2018.

Samantha Yong from Silver Spring, MD echoes all the reviews Liquid Blue receives for their corporate event performances, ?During our company?s holiday party and today at work, we?ve heard nothing but rave reviews about Liquid Blue?s fantastic performance! Our guests were completely blown away by their spectacular singing, dance routines (especially the awesome Michael Jackson covers ? the crowd went wild), and the song selection. We loved how much infectious energy the band had from the get go ? our staff can be rather shy about ?being the first on the dance floor,? but the band was able to get them grooving pretty early on, which is impressive. A lot of guests commented that the band ?made? the party. One guest even told me he would be willing to sacrifice alcohol being served at the next party if we booked this band again (not sure if everyone would share his sentiments, but I understand his enthusiasm). All in all, they definitely

did not disappoint us with their performance and we got the most compliments on the band selection!?
