Provider of Panama City Carpet Cleaning Services Advises Against Mold this Allergy Season

March 08, 2019

March 08, 2019 -
Panama City, Fla. ? As the severe weather in the Gulf Coast has seemed to subside, there are still factors that pose a risk to safety. A major factor in the safety of a home or business after severe weather is mold and indoor contaminants that can cause serious health problems. To further serve their community as one of the top providers of Panama City carpet cleaning services, CCS Floor Care advises the local community to be aware of the dangers mold is capable of.

Allergies affect more than 50 million people in the United States annually. Additionally, of the 21.8 million people reported having asthma in the U.S., approximately 4.6 million cases are estimated to be attributed to dampness and mold exposure in the home. A mold inspection is the first step in ensuring the safety of a business or residential home from the effects of mold.

CCS Floor Care is a locally owned and operated carpet, tile and wood floor cleaning company. The business specializes in Panama City upholstery cleaning, various pet treatments, specialty services and various carpet needs. They have earned a solid reputation for providing quality service and a strong commitment to customer satisfaction.

CCS Floor Care offers their services to residential and commercial properties alike. Those interested in carpet cleaning or similar services can request a free, no obligation quote from the company's website at floorcare911.com or can call (850) 265-4204 with further inquiries.
