EPS Landscaping & Tree Service Provides Landscaping Services in Pembroke Pines in Broward County FL

May 19, 2023

Pembroke Pines, Florida - May 19, 2023 - PRESSADVANTAGE -
EPS Landscaping & Tree Service LLC is providing their landscaping services and related services in Broward County, especially in Pembroke Pines FL, which is located in the southern part of the county. Pembroke Pines is the tenth largest in the more than 400 municipalities of Florida, but it offers a friendly small-town ambiance that many homeowners have grown to love. It also provides easy accessibility to major highways and interstates, primary employment centers, parks, entertainment centers, restaurants, golf courses, and retail/ commercial establishments.

Pembroke Pines has the distinction of being named as ?one of the best cities to live in America? and has more than 170,000 residents. It has 28 beautiful parks and the lush landscaping that can be found in the various neighborhood and public places contribute to the natural beauty and charm of the South Florida city. It is no wonder that EPS Landscaping & Tree Service, with their landscape design services and other related services, has been much in demand in Pembroke Pines.

Greg O'Connell, co-owner of EPS, says, ?If you?re interested in planning your first landscaping project or continue improving your curbside appeal, give us a call. Here at EPS Landscaping & Tree Service LLC, we analyze your exact needs, develop affordable landscaping solutions, and provide you with free estimates for all of our landscaping and tree trimming services. Our job is to take away the stress that comes with being faced by a deteriorating outdoor space that is supposed to reflect your family or business values. Appearance is the priority, which is why we do a spectacular job for each of our clients.?

They want to emphasize that hiring a landscape specialist can be very helpful for homeowners and other property owners in Florida and in Pembroke Pines. Landscape specialists at EPS are experts in the native and low-maintenance plants in Florida, the applicable local laws in the different neighborhoods in Florida, and the various ways of designing a particular landscape.

There are many landscape design options to choose from and for Florida homes, a tropical theme is frequently a great choice, especially when combined with pool landscaping. The lush greenery provided by a tropical landscape is perfect for family gatherings, or even just taking a break from an individual?s busy schedule. The calm and serene environment provided by the tropical themed landscaped garden can be just what a person needs to de-stress after a hectic week.

Another important reason for hiring a professional landscaping provider like EPS is that it can boost the property?s curb appeal and its market value. This may come in handy when selling the home. Buyers frequently are guided by their emotions and the sight of the lovely garden can help to get them excited about owning the property. The prospect will likely have less hesitation in accepting the selling price because of how the landscaped property looks.

They also want to advise homeowners not to forget any recurring costs that may come with a particular landscape design, especially with management and maintenance. Luckily, homeowners can now rely on technology to ensure that the landscaped garden is well-maintained. Automatic irrigation systems, energy-efficient systems, and smart technology, such as voice recognition, may be use to effectively maintain the landscape design with less effort.

EPS Landscaping & Tree Service is a family owned and operated business enterprise with more than 20 years of experience in providing landscaping, lawn care, and tree care services in Broward County FL and nearby areas. They are committed to offering the most reasonable prices while ensuring the high level of the quality of their services. They offer their wide range of services in Broward County, including Pembroke Pines, Southwest Ranches, Hallandale Beach, Coral Springs, Dania Beach, Hollywood, Fort Lauderdale, Deerfield Beach, and Pompano Beach.

Those who are interested in commercial landscaping services in Broward County can visit the EPS Landscaping & Tree Service website or contact them through the telephone or via email. They are open from 8:00 am to 6:00 pm, from Monday to Friday, and from 8:00 am to 3:00 pm on Saturdays.
