
Discount Treat Available On The Queen-sized Mattress Protector By Comfiy

July 16, 2015

July 16, 2015 -
O&T Success LLC is happy to announce that they have finally launched their newest addition to their best selling products on Amazon.com, the Comfiy Mattress Protector. To thank all those who have given their support and trust by patronizing all the products they are selling on Amazon. O&T Online started a coupon promo that entitles all Amazon shoppers a 10% discount when they buy the Comfiy Queen sized mattress protector. As such, the bed protector can already be bought for a lower price using the coupon code, OFF10ALL for a limited time only.

Mattress Protector are considered as good additions to everyone's bedroom. These nifty products make sure that the occupants are able to freshen up in the evening because they are protected from the harmful effects of bacteria and allergens. These germs are often one of the reasons why persons wake up on the wrong side of the bed.

Frank F. left a five-star and product review on Comfiy's Bed Protectors. It says, "Simply wonderful mattress protector! It's amazing how this product improved the way we use and sleep on our bed. We have a queen size bed - and the fitting with elastic around the cover hugs the mattress perfectly! The quality

of workmanship is pristine with fine detailed stitching around the cover. The top is made out of soft cotton, actually tender when you touch it, around the side is silky material, and the best part is it's laminated with waterproof material underneath the sheet! We have a toddler who often takes a nap on our bed so we have the peace of mind if he has a leaky accident on our expensive mattress because it will be well protected. We washed it also, to be safe we used gentle wash and surprisingly, the cotton material became much softer. And if you have allergic folks in your family, this is hypoallergenic and protects from dust mites.?

Comfiy continues to design unique items for home, kitchen, personal care products that are FDA approved, passed safety certifications and safe to use.
