July 23, 2015 -

Aspen, Colorado company Nourish Beaute has recently announced the launch of a new VIP Review Club. The company has a line of hair regrowth products and is offering their products for free to consumers who agree to provide honest reviews of those products on the Amazon marketplace.

Amazon sells millions of products and contains something in virtually every consumer industry in the world. Amazon sellers regularly rely on reviews from customers to show future customers that they are legitimate and honest in their dealings. These reviews help companies to improve upon their brands, and the honest reviews help other customers to find the best products that Amazon has to offer.

The VIP Review Club is free to join, and members will receive brand now full sized Nourish Beaute products for free. The only payment that is required to participate and receive the free product is for reviewers to provide the Amazon marketplace with their honest opinion of the product that they receive.

"We want to reach people with our amazing products, but at the same time we want people to know that we aren't paying for false reviews," says Cynthia Ferrara of Nourish Beaute. "This is a win-win for everyone.

They get a product for free and we in turn, receive their review. Our customers get to see real reviews from real people."

Members of the VIP Review Club will also receive access to exclusive insider flash sales, as well as promotions and future contests. More about the membership can be seen at https://nourishbeaute.com/.

Sally Maynard of TN is a firm believer in reviews. "I won't buy anything on Amazon or any other website without knowing that others have used it. Honest reviews will make the differece for me every time."

The hair regrowth product currently being promoted is a natural shampoo, suitable for men or women that contains patented, healthy ingredients plus coconut and castor oils, as well as biotin. The product can be viewed at http://www.amazon.com/dp/B00KU8FYN0.
