

# Vancouver Home Renovations Company Acquires Closet Renovation Firm

*January 08, 2016*

January 08, 2016 -
Caliber West Renovations, a home renovation services company that is based in Port Coquitlam, BC, Canada, has announced that they have acquired a closet design and building firm. By acquiring Budget Closets, they are now able to significantly expand their services. Budget Closets designs and constructs closet and storage solutions. Through this acquisition, Caliber West will begin to offer closet renovations, further adding to their portfolio of renovation services.

Budget Closets is known in Vancouver for its specialization in designing and building closets. Caliber West, meanwhile, has offered several renovation and construction services in their portfolio. With Budget Closets under the Caliber West name, Caliber West will likely shift into pursuing more closet renovations, though they will continue to offer their current services, which include kitchen, bathroom, and basement renovations. More information about their custom closet services is available on their website at http://caliberwestrenovations.ca/closets/.

"We're excited to have acquired Budget Closets," says Caliber West owner and president, Joey Monette. "What this means for our customers is that renovation can be done in their home by us, to our high

standards."

For more information on closets, the company, and the various services that they provide, details are available online on Caliber West's Facebook page. This particular social media account offers updates on services, promotions, and sales events. It also allows communication between consumers and representatives of the company. Furthermore, the Facebook page is a place where potential customers can read reviews left by various individuals and businesses, or create their own to share their experiences regarding products and services. Customers are encouraged to give the page a 'Like'.

"I really just wanted to have a nicer looking closet," says Nancy P. "Caliber West definitely delivered on that but the storage benefits are unbelievable. Now, I'm thinking of having the hallway in the spare bedroom done as well. I can't wait to see the different design options Caliber West can come up with."

Caliber West Renovations looks forward to helping more people in Vancouver achieve beautiful, well organized closet and storage solutions. They also encourage everyone to check out Caliber West's Twitter page.
