Pensacola Fla. - Titan Sunrooms, a leading provider of Sunrooms in Pensacola FL, is proud to a new addition to their expansive inventory. Over the past year, the business has been able to expand services available to their clientele, resulting in being able to assist more residents to achieve their dream homes than ever before. Titan Sunrooms is proud to announce they are now offering modern Patio Cabanas.

Patio Cabanas make a great addition to any backyard and they feature privacy screening, Colorbeam framing and a heat-blocking structural insulated roof. This series is unlike typical aluminum products that have been popular since the 1960s, aligning with the owner of Titan Sunrooms Fred Genkin?s mission to manufacture, install and supply a growing dealer base around the country with the most advanced custom materials on the market.

?Our parent company, Titan Building Systems, specializes in the manufacture of ultra-durable composite building products. These products are designed to replace traditional building materials such as wood,

aluminum, vinyl, and steel,? says Fred Genkin.

Titan Sunrooms have been deemed ?innovators? due to their uses of the latest materials creating the most durable and energy-efficient screen rooms in Pensacola with a cost structure that is competitive with traditional sunroom building materials. Introducing new products, such as Patio Cabanas, will help provide their customer base with even more options to renovate their homes with modern solutions.
