Quick Stop Urgent Care offers a new location in Los Angeles. The clinic is dedicated to provide quality care within a reasonable time frame in a professional and compassionate environment.

Los Angeles CA: Quick Stop Urgent Care and Sam Khalaf are pleased to announce that they have opened a new urgent care clinic location in Los Angeles, California. The team of professionals at the center are focused on offering top level care within a responsive time frame. The assistance is provided in a compassionate and professional manner. The professional team operates by compassion, empathy and kindness for each patient encountered. Each patient is given the best possible customer service experience.

According to Sam Khalaf, speaking to an interviewer, "We believe in working together to provide the best patient experience possible. Honesty and integrity are valued by the professionals associated with the new clinic location. We want every patient to have an experience which is positive from check-in to check-out. It is our intent to make a positive difference in our community."

Members of the medical practitioner team includes MA/Radiology Technicians, LVN, Medical Assistants, Physician Assistants and Nurse practitioners. The professional team works in an upbeat and friendly environment that emphasizes loyalty, commitment and staff appreciation. The benefits plan is excellent and includes medical, dental, vision, paid time off and other benefits.

Urgent care services are a benefit to community members who need easy, nearby and accessible care for non life-threatening events. The center provides urgent medical care, as well as help for patients who cannot wait for an appointment with the primary physical. Stopping at the center avoids long waits in the emergency rooms for many reasons.

Patients can take advantage of walk-in and same day appointments for sport physicals. No appointments are required for affordable athletic physicals. The services include comprehensive on-site laboratory testing and state-of-the-art X-Ray images. The professionals include vaccinations to protect families, as well as flu shots, B12 shots and tetanus. Orthopedic injuries can be treated professionally. The clinic also is able to provide medical spa services.
