

First Family Florida Health Insurance Hires Veterans

March 13, 2017

March 13, 2017 - PRESSADVANTAGE -

Florida health insurance firm works with clients to find the best available insurance plans. The firm also has experience in hiring veterans for the skills they bring to the business.

Fort Myers FL: First Family Insurance and Jason Marra are pleased to announce that the Florida health insurance firm focuses on bringing qualified veterans into the firm. The company understands the value that hiring and employing veterans bring to their company and others like it. Veterans bring a number of skills to the company, not the least of which is teamwork and leadership. These skills have made it possible for veterans to integrate well into the company.

A spokesperson for the company explains, "First Family Insurance has been a leader in utilizing veterans' skills to help the operation of our company. We would be pleased to add more veterans to our team. We can attest to the fact that veterans make great employees. We have been able to utilize veterans' skills to help our company."

According to Bobby Carbonell of Veterans Florida, "FL VETS Business Training Grant is available to First Family Insurance to help veterans learn great skills and start a career in the insurance business."

Clients of FFI can find the best available insurance plans in Medicare, health, life, property and casualty insurance. Agents are licensed throughout the United States. The company is a leading provider of affordable policies. It offers coverage for dental, accident, cancer, income replacement and short-term temporary plans. The carriers which they use are some of the most well-respected providers in the United States.

The purpose of First Family Insurance is to create relationships with clients that meet needs throughout a lifetime. They earn the trust of the families they serve, to provide impeccable service for each customer in every transaction. The staff of the company is highly knowledgeable and skilled making the firm a leader in the industry. The veterans associated with the firm, present and future, are part of the skilled staff making the company at the head of the industry.
