

Megan Penn With Chesapeake Investment Planning LLC Offers Medicare Supplement Plans

March 22, 2017

March 22, 2017 - PRESSADVANTAGE -

Megan Penn with Chesapeake Investment Planning LLC has announced that she is now offering Medicare Supplement Plans. The Stevensville, Maryland based firm recently announced that Penn will be offering assistance to clients in choosing the right plan for their futures.

Todd Wilhoit with Chesapeake Investment Planning says, "Megan joined our firm in June 2014, bringing more than 10 years of experience in customer service management, and we're proud to announce that she will now be assisting many with their retirement needs through these supplement plans."

Megan provides office management and client hospitality by working with the firm's advisors to organize events, meetings, and a variety of central administrative functions. In 2015, she earned her FINRA Series 7 (General Securities Representative) registration, allowing her to take on additional responsibilities as a licensed advisor assistant. Megan is also a Medicare Supplement specialist. She helps educate clients about the different plan options, and which plan will work best for them.

"Just come in and we can quote multiple carriers to make certain that you are receiving the very best rate

possible," Megan states. "My goal is to ensure that you get the insurance coverage you need so that you can spend your golden years focusing on things that make you happy and not worrying about your coverage.

The firm says that Megan will be offering Supplement plans A through N as well as Medicare Part D for prescription drug coverage. Medicare's initial enrollment period is three months before the senior's 65th birthday and the firm states that those approaching 65 should schedule a consultation to determine which plan is best so that they can get it started at the appropriate time. Open enrollment for Medicare supplement plans runs from October 15 to December 7. The firm states that consultations can be made at any time to help consumers to be prepared when they are reaching initial or open enrollment dates.

Those interested in scheduling a consultation for Medicare supplement needs or anyone interested in getting more information about Chesapeake Investment Planning LLC and what the firm does can visit them online at <http://www.cipadvisor.com/>.
