DDCL Announces They Are Now Offering Even More Roof Repair Leduc Services

December 11, 2019

December 11, 2019 -
DDCL Roofing & Maintenance is pleased to announce they are now offering more roofing services than ever before in Leduc, Canada. The company has been serving the roofing needs of those in Greater Edmonton satellite communities such as Leduc for many years now. As the demand for their roofing services in Leduc has steadily increased, so have the number of roofing options that DDLC offers there.

Company spokesperson Daniel Foulkes talked more about this by saying, ?As our company has expanded and become more popular, the number of work requests we receive in Edmonton satellite communities has steadily grown too. Leduc is a perfect example of that. That?s why we now have a full-time roofing presence there. We are prepared to take on any type of roofing project that our Leduc customers ask us to do for them. That includes doing anything from replacing a few shingles to undertaking a major roofing overhaul. It?s all part of the way we want to show those in Leduc how committed we are to meeting all their roofing needs.?

Foulkes added that when the company says they will take on any type of roof repair for those in Leduc they mean exactly that. Some of their roof repair Leduc services includes laying down new shingle or other roof coverings. They also are very good at finding roof leaks and making structural roof repairs. He also stated

that the company is ready 24/7 to take on any emergency roof repairs that their Leduc customers need to be done. Their company realizes that storm damage and other roof mishaps that need to be repaired immediately often happen after regular working hours.

It was also mentioned that DDLC can do repairs on roofs that are covered by any type of roof material. Foulkes says that they are specialists when it comes to asphalt and wood shake roof repairs. They can even handle doing repairs on corrugated metal and steel roofs. The spokesperson also stated that they do roof repair work on Leduc commercial properties as well as serving the roofing needs of area homeowners because they are staffed by both sloped and flat roof repair professionals.

One of the company?s specialty roofing services is doing total roof replacements. Foulkes said that over time old age and mother nature will get the best of any roof. He says that when that happens it benefits the homeowner to do a total roof replacement. This will restore the structural stability to any roof and once again make it 100% watertight. He added that the roof replacement projects that the company takes on our done using quality materials that are provided to their customers at reasonable prices.

He also said that those in Leduc can take full advantage of the other home and building solutions that the company does there. In the past, the company has taken on such projects as releveling attached decks and replacing wood siding. They also have been known to do such home repair tasks as replacing light fixtures and basement sump pumps. DDCL Roofing & Maintenance is especially well-known in Edmonton, Leduc and other nearby areas for there creative and functional bathroom remodels. Foulkes said they are willing to take on just about any type of home renovation or maintenance project. He encouraged those in Leduc to call and discuss with them even the most unusual renovations or maintenance projects that they need to have done.

Foulkes says if someone wants to learn more about the types of DDCL Roofing Projects that the company is willing to take on in Leduc, they can refer to the company website or simply give them a call. He says they are a company that enjoys interacting directly with their customers and they are always there to help. Foulkes went on to add that DDCL Roofing & Maintenance is also a fully bonded and insured renovations contractor. They are also A+ rated by the Edmonton area Better Business Bureau. He says the company puts quality, safety, and integrity above all else when doing any type of Leduc roofing or renovations project.
