

Towson Roofing Pros Announces New Five Star Review

February 20, 2020

February 20, 2020 -
Towson, MD - Towson Roofing Pros, based in Towson, Maryland, has announced that they have received a new five star review. The highly positive review has to do with the siding and roofing installed for the client. The company has extensive experience in both flat and pitched roofs, and they can handle any type of home, whether a row home in Hampden or a single family home in Cockeysville. They are a locally based company that offers services to Baltimore City, Towson, and the neighboring Baltimore County area.

A spokesperson for Towson Roofing Pros says, ?We?re happy to announce our latest five star review from one of our highly satisfied customers. This means that we are on the right track with our mission of providing quality craftsmanship and professionalism in our roofing services. We go beyond the basics with tailored customer service, timely waiting periods for roof replacements, extended warranties and top of the line products to ensure the longtime performance of any roof we service as well as optimum customer satisfaction. Our team of installers and customer service professionals is like family and we want our customers to feel like they?re treated honestly with their needs put first.?

In his five star review, Marvin C. says, ?I would like to give a big thank you to the folks at Towson Roofing

Pros for doing such a good job with our new siding and roofing. We have received many compliments from our neighbors. We have recommended you to all of them. Thanks again.?

The Towson Roofing Pros spokesperson points out that working with them is easy. People can just give them a call and they will provide an over-the-phone estimate using satellite imaging. With this imaging, the roofing company is able to determine the size of the roof so that they can estimate the required materials and labor instantaneously. If the potential customer accepts the estimate, he or she can choose a color and style and the roofing company will schedule the roofing installation. More about this can be gleaned from the Towson Roofing Pros website.

The spokesperson points out that they will usually schedule the roofing installation within the same week or the following week. They will be working fast and efficiently to allow the homeowner to enjoy the new home right away. The neighborhoods they service include Baltimore Highlands, Bowleys Quarters, Arbutus, Cockeysville, Dundalk, Catonsville, Essex, Garrison, Edgemere, Lutherville, Mays Chapel, Hampton, Milford Mill, Overlea, Middle River, Parkville, Perry Hall, Owings Mills, Randallstown, Reisterstown, Pikesville, Rossville, Timonium, Rosedale, Woodlawn, White Marsh, and all surrounding areas.

Meanwhile, with the spring season approaching, homeowners and other property owners may want to have their roofs inspected because of possible damage caused by the extreme weather. The gutters, drain lines, and downspouts will have to be inspected to ensure that they will be working properly. The experienced and trained crews from Towson Roofing Pros are fully prepared to prolong the life of an existing roof, whether for preventive maintenance, emergency service, major roof repairs, roof replacement, or new roof construction.

Towson Roofing Pros will provide a comprehensive roof assessment to help educate the homeowner or property owner on the condition of the roof. They will determine current roof conditions and specify any roof repair or replacement requirements. The homeowner can use the information provided by Towson Roofing Pros to determine the appropriate timing for the repair or replacement, allowing the customer to maximize the value of the property by not reroofing too soon and save money by having the roofing repair or replacement done on time while not waiting until it is too late. If the roof repair or replacement is done too late, there is the possibility of additional costs because of drywall replacement and wet insulation removal.

Those who are interested in the roofing services offered by Towson Roofing Pros can check out their site at https://towsonroofing.wordpress.com/, or contact them on the telephone. They are open 24 hours, from Monday to Sunday.
