Furnace Repair Hamilton Now Offers Air Conditioning Services

April 02, 2020

April 02, 2020 -
Hamilton, Ontario based Furnace Repair Hamilton is pleased to announce that they now provide air conditioning services, including repairs, maintenance and installations. The company provides 24 hour emergency air conditioning repairs, along with other services for HVAC systems and furnaces in Hamilton and its surrounding areas.

Harrison Mueller, a representative of Furnace Repair Hamilton, says, ?As the temperature and humidity continue to rise and the outdoors become more intense, you rely more and more on your air conditioning system to keep you cool and comfortable. As a result, there is no doubt that you want to make sure that your air conditioning system is working in top form. Fortunately, you now have no cause to worry about any of that because Furnace Repair Hamilton is here to provide you with top notch air conditioning services, from the installation of high-quality, energy efficient air conditioners to their repair and maintenance.?

Furnace Repair Hamilton also states that, if residents of Hamilton or the surrounding areas are looking for an air conditioner replacement, they can give the company a call for a free equipment quote on a new, energy-efficient air conditioner. This can result in around a 30% drop in utility costs.

The company also says that they are serious about the work that they do, which is why they provide a wide range of services and solutions to meet all of their customers? needs. All of the company?s partners are certified and trained, and each has had a background check run on them. Furthermore, the reason why Furnace Repair Hamilton is the number one furnace contractor option in Hamilton is that they offer guaranteed and upfront pricing.

Mueller says, ?We are here to provide the best service we can for you. As such, before we get started on any work, you will know what the exact cost is, which means that there will be no hidden or surprise charges following the installation, repair or maintenance work, no matter how complex it is.?

Mueller says, ?We are all residents of the Hamilton area, a community that is tight-knit and cares about each

other. You can trust us to respect your home and family just like ours. When you hire us to do a job, we?re not there to get your money; our team is always dedicated to ensuring all your heating and cooling systems are running as they should. Not too many homeowners know the inner workings of their air conditioner or their heating system, which means that they can be clueless as to what must be done or why it must be done. We explain, in easy-to-understand language, what is wrong, your options, and a clear plan for avoiding future problems so that you save thousands of dollars down the road.?

The company also maintains a blog on heating and cooling. In a recent post that looks into energy efficient HVAC systems, the company writes, ?For everyone in Canada, residential energy efficiency is an important concern. As homes lower their dependence on power, the demand for non-renewable energy sources decreases. Less reliance on fossil fuels translates into less pollution, diminished climate change and a smaller environmental footprint. More importantly, reducing the amount of electricity and gas we use in our homes brings down our utility costs!? More information can be found at the following link: How To Make Your Home Energy Efficient.

The services provided by Furnace Repair Hamilton have earned the company a lot of praise from their clients. On Google, the company has a perfect rating of 5/5 stars. In a recent review, Robert Miller praises the company for their punctuality, quality and responsiveness. He writes, ?Great service, courteous and great communication throughout the job. Furnace is working great once again. John, you are the best!?

In another review, Walter Joy says, ?Thanks, Harrison, for a job well done. Again, sorry for calling you out at 2am but what do you do when your furnace goes? Extremely professional job. Will call again!!? Meanwhile, Robert Gonzales keeps his review short and to the point with a simple, ?Excellent job! Will call again!?
