Hearing Aid store in Gardendale Launches New Line of Advanced Hearing Aids

March 31, 2020

March 31, 2020 -
Gardendale, Ala. ? A hearing aid store in Gardendale, Beltone USA ? Gardendale, is launching a new hearing aid for those with severe-to-profound hearing loss called Beltone Boost Ultra?. Believed to be one of the industry?s most comprehensive hearing solutions - with clearer sound quality, unrivaled connectivity features, and state-of-the-art personalization. The technology shaping up to become the industry?s most comprehensive hearing solution to date.

The Beltone Boost Ultra? comes equipped with Tinnitus Breaker technology, HPF80 NanoBlock protective coatings and Beltone?s signature Remote Care? which allows their patients to finetune their device from anywhere rather than requiring them to visit the clinic each time they need an adjustment made.

For many who regularly wear hearing aids, a commonly reported issue is the delicateness of the device?s circuitry. Elements such as dirt, moisture, humidity, earwax, and skin oils over time damage the devices' circuitry and reduce the overall effectiveness of the hearing aid. The HPF80 NanoBlock coating is specially designed to protect the hearing aids from these contaminants

The Beltone Boost Ultra's Smart Phone integration and Beltone?s own proprietary 2.4 GHz wireless technology keeps users conveniently connected to all their favorite communication and entertainment technologies. Patients can choose from a range of wireless accessories that offers a better signal-to-noise ratio for an extra boost without the typical intermediate device worn around the neck.

The professionally trained Hearing Specialists and Patient Care Coordinators of Beltone USA ? Gardendale are committed to helping every one of their patients find just the right solution to assist with their hearing needs. Each new patient receives a free comprehensive hearing screening in Gardendale, AL and personalized hearing health assessment aimed at providing the most accurate information and guiding customized treatment decisions for their patients.

For more information about the Beltone Boost Ultra? or to schedule an appointment with a hearing specialist in Gardendale, AL, call Beltone USA ? Gardendale at (205) 608-3979 or schedule via their website at www.beltoneusa.com
