

Restoration Of Murphy Pain Management Clinic Announces Opening

April 14, 2017

April 14, 2017 - PRESSADVANTAGE -

My Restoration Clinic has announced the official opening of Restoration of Murphy that can be found at Murphy, North Carolina. The pain management clinic has a primary location in Greensboro, NC, and has recently opened a secondary location.

Randy Long, MD, with the clinic says, "We are happy to announce that patients suffering from pain from the Murphy area can now get the help that they need to become more functional right here in their home location. Our goal is to relieve your pain and get you back on the track to a more normal life."

Dr. Long says that the clinic in Murphy will offer the same pain management services that are currently offered in Greensboro. He points out that patients who visit the former pain management clinic location, who are actually close to Murphy can move conveniently go to the new location.

"We take the time to educate ourselves first, so that we can effectively treat pain in the most successful way possible," states Dr. Long. "We regularly screen our patients for opioid use disorder and ensure that they have the resources needed should they require evidence based treatment facilities."

The clinic states that their overall goal is to help patients by alleviating their pain while being ever conscious of the growing risk of opioid dependence. Their clinic in Greensboro is dedicated to the treatment of opioid use disorder and offers a combination of therapies that include suboxone as well as counseling. The clinic states that they fully understand that chronic pain requires various treatment types that include medical as well as psychological treatments. Dr. Long states that they fully recognize the need for a multidisciplinary approach that includes the use of medications as well as counseling and physical therapy to treat pain in the most effective manner possible.

Those who are interested in learning more about the location and their services can connect with them on the official Restoration of Murphy Facebook page. People can also visit the clinic online to get information on their locations and the services that each location provides as well as resources for managing chronic pain.
