Dentist in San Gabriel Soon to Reopen Dental Office

May 20, 2020

May 20, 2020 -
InStyle Dental, a dental office in San Gabriel, California, is happy to announce that they will soon re-open and they are eager to see their patients once again. They are currently closed because of the order for people to stay home in view of the Covid-19 pandemic. But with the period required to stay home coming to an end soon, they are excited to re-open and serve their patients once again. They are a full service dental office that offers general dentistry, pediatric dentistry, periodontics, cosmetic dentistry, and orthodontic services. Those who want to become more familiar with the dental office can check out their previous press releases at their media room at https://www.pressadvantage.com/i_organization/instyle-dental.

Carolina Rodriguez, Office Administrator at InStyle Dental, says, ?We are here to provide care for your entire family and we're excited to be able to serve you again when we re-open soon. Children and adults are welcome from 1 to 101. It?s never too early or too late to take care of your smile. We offer general preventative and restorative services, orthodontic treatment such as conventional braces and Invisalign clear braces as well as implant placement, cosmetic dentistry and periodontic care. We have a family dentist, pediatric dentist, periodontist and orthodontist here in our San Gabriel office.?

She continues, ?We understand that sometimes dental care can be expensive or come at an inconvenient time. Our philosophy is that preventative care is the key to avoid this costly restorative treatment. But if that occasion should arrive we have outside financing that can help make dentistry affordable for you.?

Carolina Rodriguez also wants to point out that they have been the choice of thousands of people who were searching for quality dental care, pediatric dentistry, periodontal dentistry cosmetic dentistry, and orthodontic dentistry since 2002. She explains that they always make sure that patients will be seen promptly when they arrive at the dental office. Patients are provided with undivided attention when they arrive because their appointments are reserved exclusively for them. They will advise patients on the various alternatives available to them to allow them to make an informed choice as to the best treatment for them.

InStyle Dental provides a broad range of dental care services for children. Included is the assessment of infants within six months of the eruption of their first tooth, or when they reach their first year. The primary goal is to have the children visit the dentist even before there is a problem with their teeth. This is important because studies have shown that children who grow up free of tooth cavities are more resistant to heart disease and diabetes later on in life.

They also provide dental implants, which are used as replacement for one or more missing teeth, improve chewing, correct bite issues, correct pain due to shifting teeth, enhance speech and digestion, or provide support for a bridge or denture. There are various advantages of dental implants, such as prevention of bone loss and gum shrinkage; stronger and more durable than removable dentures; the fact that adjacent teeth are not touched, unlike with dental bridge procedures; and the fact that it is easier to clean, compared to dental bridges.

Their cosmetic dentistry services include smile makeovers, teeth whitening, porcelain veneers, dental crowns, dental bridges, and tooth color filling. They also offer various family dentistry services, including exams and cleanings, dentures, inlays and onlays, porcelain fixed bridges, porcelain crowns, dentures, root canal, and wisdom tooth extractions. They are focused on providing dental care for the whole family, including seniors who may require specialized dental services.

Those who are interested in dental services in San Gabriel and neighboring areas may want to visit the InStyle Dental website, or contact them on the phone or through email. Once they have reopened, they will be open from Monday to Saturday, from 8:30 am to 5:30 pm. Those who would like to know more about their specific location and other information may want to checkout their Google Maps page at https://www.google.com/maps?cid=5409019433858254275.
