Cabinet Painting Services Available Over The Coming Holidays

November 24, 2020

November 24, 2020 -

O?Fallon, MO based HBP Painting Contractors is pleased to announce that their highly sought after cabinet painting services will be available during the coming holiday season. In general, the company offers professional home painting services to residents of Missouri and the surrounding areas, but they remind homeowners to consider getting their cabinets painted when the opportunity next presents itself.

Many people have cabinets at home that require updating, but it can cost quite a lot of money to replace them. Thankfully, this is not necessary, as applying a fresh coat of paint on the cabinets achieves similar results more quickly and at lower costs. The cabinet painting services that HBP Painting Contractors offer can turn faded, scratched or outdated cabinets into bright, clean and modern units. HBP Painting Contractors takes pride in their high standards and quality craftsmanship, so clients can rest assured that they can handle any kind of cabinet painting project.

The cabinet painting project begins with a consultation. HBP Painting Contractors meet with their clients to give a thorough assessment of the project. They discuss paint color, paint type, preparation and all other necessary details with their clients. They will also answer any inquiries that their clients have and give

experienced and informed recommendations. After the clients have decided on what paint job they want, HBP Painting Contractors will present an estimate for them to approve. Clients can rest assured that there will be no charges without their approval.

Meanwhile, the painting process begins by protecting the surfaces and objects that must not be affected by the paint job. These surfaces and objects will be relocated or covered to make sure that they are not splattered by paint or damaged in the process. HBP Painting Contractors assures their clients that they are concerned with protecting their homes all throughout the cabinet painting process. Once this is done, HBP Painting Contractors will also prepare the cabinet to be painted by filling and sanding all nail holes, gouges and imperfections. This ensures that the paint job will be of high quality.

They also use only premium paints and materials for better quality results, making sure to clean up after the job is over. The company will also fix whatever issues their clients have with the final result. HBP Painting Contractors usually leaves their clients extremely satisfied, and they have received great reviews for their services.

Kate Turner says in a 5-Star Google review, ?HBP has done work for us many, many times. From our home to our office space to many other small and large projects, they are always my go-to when I need a project done. They are quick, they are detailed and they go the extra mile. They certainly are not the cheapest people, but it shows in their craftsmanship and in their finished product. There is no one else I would rather have on a special project, big or small, than the group at HBP! I'd recommend them to anyone!?

Brad and Darlyne Leapley says in another 5-Star Google review, ?Fantastic job. Cody, Zach, Todd and the crew couldn?t have been more accommodating. By normal standards, our job was on the larger scale, with every interior room (4500 sq. foot ranch with finished basement) and outside work (front porch entry, window trim and backyard 3 season room). The work was originally scheduled for late April but COVID-19, as with most everyday life, altered the plans. Teagan, the office manager, worked diligently with us to reschedule the job to a two week timeframe late June/July. For the interior, we selected 5 colors with the assistance of a design consultant included in the contract. Drywall patching and repair was included, and Zach even swapped out the front door handles/hardware for us when painting the front door.?

The review continues, ?Cody and Zach were personable, friendly and listened to our vision of what we wanted to accomplish. Additional suggestions on decorative highlight work from Cody was just icing on the cake. We especially want to give a shout out to Todd, the crew foreman. Todd stayed late to review current day work completed and plans for the next day. He went out of his way to make us feel comfortable and make sure the job was progressing to our satisfaction.We would enthusiastically recommend HBP For anyone looking for painting work ? big and small. If you are looking for a company small enough for a personable experience but large enough to do the job, HBP is the one.?

Those interested in HBP painting services can learn more about the company by heading over to their website. Social media users are welcome to connect with the company through their preferred platforms as well.
