Clean Group Eastern Creek Attracting Businesses with its Reliable Office Cleaning Services

November 12, 2020

SYDNEY, NSW - November 12, 2020 -
Clean Group, based in Eastern Creek (https://g.page/office-cleaning-eastern-creek?share), NSW is delighted to announce that Eastern Creek businesses have been partnering with them to ensure a safe and high productivity environment through commercial cleaning. The company is focused on providing professional and inexpensive commercial cleaning and office cleaning services for companies located in Eastern Creek and neighbouring areas. They also offer strata cleaning, carpet service, medical centre cleaning, gym cleaning, school cleaning, and childcare cleaning.

Suji Siv, CEO and owner of the Clean Group, says, ?You can only make one first impression, so you have to make sure that your clients will see your business as professional and organised the first time they visit your office. We offer the highest standard in commercial cleaning and commercial cleaning services customised to your business? unique requirements. That is why many businesses have been collaborating with us to make sure that their office environment is not just safe but also geared for high productivity.?

Numerous factors that make Clean Group Eastern Creek stand out among the other office cleaning service providers. These include the fact that they: are more than 20 years in the commercial cleaning business; have more than 50 dependable and hardworking cleaners; have friendly customer service reps; cater to more than 100 suburbs in NSW, Victoria, and Queensland; have extensive experience in cleaning fitness centres and large gyms; have excellent knowledge in the maintenance of retail stores, storefronts, and huge industrial warehouses; can ensure germ-free hospitals and medical centres; can handle specialized cleaning programs for schools, day care centres, and universities; are capable of complying with the strict cleaning requirements of large factories; can provide pressure cleaning and outdoor maintenance.

Clean Group Eastern Creek makes use of state-of-the-art cleaning equipment, such as the I-mop, which is a powerful machine wash and cleaning tool. It combines the flexibility of a mop with the power of an industrial scrubber machine to efficiently clean sticky floors and areas that are otherwise difficult to reach.

Clean Group Eastern Creek also make use of eco-friendly cleaning solutions, primarily Viraclean, which is an eco-friendly and efficient office cleaning solution that has been certified to kill a wide range of germs and bacteria. Viraclean can also kill a range of common viruses, including the hepatitis B virus, herpes simplex virus, flu virus, and more.

And for dusting and cleaning of various parts of the office, such as the light boards, window sills, furniture, and more, they use antibacterial microfibre clothes to clean and remove allergens from surfaces. These have been found to eliminate as much as 99 percent of bacteria from surfaces.

Clean Group Eastern Creek (https://sites.google.com/site/commercialcleaningsydneynsw/cleaning/sydney/eastern-creek-nsw)also makes use of certified and advanced cleaning mops that are constructed from antibacterial microfibre to put a stop to the growth of bacteria and to efficiently clean office floors and various surfaces, getting rid of up to 99 percent of germs, dust, dirt, and bacteria.

It should also be noted that Clean Group Eastern Creek will not stick to a one-size-fits-all cleaning service. Various companies will have notable differences on how they operate even if they are in the same industry. No company will have similar budget, schedule, and requirements. Thus, Clean Group will not just provide generalized cleaning services. They provide comprehensive and bespoke options that allow their clients to specify the cleaning solution that they want to be used. Clients would also be able to state their particular requirements, their budget, and the various aspects that they would like the cleaning company to focus on.

When providing office cleaning services in Eastern Creek, Clean Group ensures a number of factors. These include complete dusting services from top to bottom in every room and every space in the commercial building; appropriate segregation of trash; the use of deep cleaning solutions for carpets, hardwood, rugs, laminate, and other floor materials; professional steam cleaning for rugs, carpets, upholstery, and office partitions; external and internal window and glass cleaning; exterior pressure washing and cleaning; stripping and sealing of floors; machine floor scrubbing; cleaning of the microwave and refrigerator; and general organising and tidying up service.

Businesses who require office cleaning to ensure their office environment is both safe and stimulates high productivity may want to check out the Clean Group website or contact them on the phone, or through email.
