

Miller's Tree Service In Lake City PA Showcases Rave Review

August 14, 2017

August 14, 2017 - PRESSADVANTAGE -

Miller's Tree Service, a professional tree care service based in Erie, PA, is proud to announce that they have received a new rave review. This five star review discussing their tree removal service has been showcased with a video. This video has been recently published and it has to do with the work completed in Lake City, PA, and is available on the company's website at <http://www.bryanmillertreeservice.com>.

Bryan Miller, owner and founder of Miller's Tree Service, says: "No job is too big or too small. Whether you need a few branches trimmed or an entire area cleared, Miller's Tree Service can handle the job."

Indeed, this attitude towards accepting any job and always doing it based on high quality standards is precisely what was highlighted in the new review. The company's website also has an image gallery of some of the jobs that have been completed, which also indicate such attitude. On one image, for instance, Bryan Miller is shown strapped to the "bottom" of a tree that reaches to nearly the top of the roof. Another image shows the team removing low-lying greenery on a construction site.

In the review, which has also been listed on the company's YouTube channel at

<https://www.youtube.com/watch?v=7sK4KFsAXgA>, client C.J. Hunter, an area homeowner, says: "Great company. I hired them to take down 2 trees, they were amazingly fast and very professional. He even trimmed another one for free. I highly recommend Miller's tree service."

C.J. Hunter initially posted his review on the company's Google+ page. Indeed, because of the review, many other clients felt inspired by it. Since the time it was posted, Miller's Tree Service has seen a significant influx of customers. This was further reason for them to showcase the review through their various channels.

Miller's Tree Service operates across Erie, PA and Ashtabula, OH, as well as the surrounding areas. Indeed, the Lake City tree service review on Google Maps has received a lot of attention. They encourage anyone to contact them to receive a free, no obligation quotation on any tree work that needs completing. They offer tree removal, stump removal, emergency services, and land cleaning.
