Aaron M. Blank, one of the founding partners at Maryland Injury Guys, shared some insight regarding the announcement of their new Parkville law office. ?We have been helping residents of the entire state of Maryland with their injury claims for many years now. And while we believe we?ve done a formidable job of providing experienced representation to as many individuals as possible, we think we can do more. With this new office on Harford Road in Parkville, MD, we hope to do just that.?

Blank continued, ?In the past when we?ve spoken with clients, they?ve confided in us that they did not seek legal help sooner because they thought it wasn?t accessible to them. We?ve made it our mission to ensure that any who seeks legal help can get it without facing economic obstacles. From our offices in Parkville, injury victims can contact us at any time, and we will provide the answers to any legal questions they may

have.?

The newly-inaugurated Maryland Injury Guys office is intended to serve accident victims in the following local areas, among others: Carney, Parkville, Towson, Woodcroft, Apple Ridge, Overlea, Nottingham, Perry Hall, Hampton, Rosedale, and Lutherville-Timonium.
