August 15, 2017 - PRESSADVANTAGE -

Great Choice Chiropractic, a clinic in Chandler, AZ, is proud to announce that their main chiropractor Chandler AZ professional, Dr. Greg Hauser, has renewed his Advanced Proficiency Rated Activator certification. Dr. Hauser is committed to doing this, as this certification assures patients that he is proficient in the latest and most advanced chiropractic techniques. He is one of the 2,100 doctors in the world to have earned the advanced proficiency certification.

Dr. Hauser himself says: "I take this certification test every year, which allows me to work as an Associate Clinical Instructor for the Activator Methods Chiropractic Technique (AMCT). I believe this certification is vital in terms of making sure I offer the best possible treatment to my patients."

Dr. Hauser is one of the few certified independent injury chiropractors in the city, and even in the state. He works with patients of all ages, ranging from six months to 80 years old. Dr. Hauser is not just a chiropractor in Chandler AZ, he is also a parent himself. Hence, he understands like no other how frightening it can be for a child or adolescent to receive any type of treatment. By being empathic, gentle, and taking as much time as a patient needs, he is known to be able to settle those fears and worries.

Those who have been patients at Great Choice Chiropractic have been very pleased with the treatment they have received. Sun V. says: "I would highly recommend Dr. Hauser. He and his staff are very friendly and accommodating. He is very knowledgeable regarding treatment and staying healthy and continues to broaden his knowledge. I have been a patient for some time and currently he is our family chiropractor. My granddaughter absolutely loves the visits. He has been very helpful regarding a recent auto accident."

There are many chiropractors in Chandler AZ, but not quite as special as Dr. Hauser. He also believes strongly in giving back to the community, something that he believes stems from his time serving in the US Navy. Community service is intertwined in any treatment he offers in his clinic.
