Grace Roofing and Construction LLC, a North Carolina based roofing company, is offering its services to the whole of the NC Piedmont Triad area which includes Greensboro, Winston Salem, and High Point.

The Winston Salem roofing company offers roofing services 24 hours a day, 7 days a week, all year round. This makes them perfect for the unforeseen last-minute repairs that can come calling at any time. The company says that it understands how hard it can be to accommodate surprise repairs in the home?s budget, especially when the repairs needed are an emergency. This is why the company doesn?t charge extra for after-hours emergency calls or for calls on the weekend. The company says it has set its policy from years of experience and a deep understanding of what its customers want.

The company is also fully insured and has been awarded an A+ rating with the BBB(Better Business Bureau) for the last 12 years. The rating is a prestigious accomplishment as it is awarded to very few businesses. Being fully insured, by both general liability insurance and workers compensation, the company?s employees and those on the customer?s property are fully taken care of. The company says that in some residential areas insurance is mandatory to be hired as a roofing contractor. The company says that they have insured themselves to avoid any nasty surprises for the customer in case of an accident. The company appeals to homeowners to check whether the contractor they are hiring, has insurance or not. In case the contractor is uninsured, the company says that the customer can call Grace Roofing and Construction at any time of the day, any day, all year round to avail of its services.
