San Diego Dentist Provides Cosmetic Dentistry Services

January 22, 2021

January 22, 2021 -
The Art of Dentistry, based out of San Diego, California, is reaching out to announce that they are providing cosmetic dentistry services. The dental clinic is well-known among patients and peers alike for being a foundational practice for Cosmetic Dentistry in San Diego.

Merri Turner, a representative for The Art of Dentistry, says, ?At The Art of Dentistry, we all know how huge a part your smile plays in your self-esteem and your confidence. This is why, if there is anything at all that affects your smile, you need to consider reaching out to a reliable cosmetic dentist like those at The Art of Dentistry where we use a one-of-a-kind formula for creative smiles.?

The dental clinic uses advanced CEREC technology that helps them offer tooth restorations that can be completed in just one office visit, which makes the cosmetic dentistry services offered by The Art of Dentistry the perfect choice for anyone looking for an efficient and less time-consuming solution for tooth restorations. In addition to taking little time, this method also provides superior results. Turner says, ?At The Art of Dentistry, we respect how valuable your time is. With us, you don?t have to waste your time with inconvenient traditional solutions that involve long waiting periods, goopy impressions and temporary crowns.

We offer our patients a one-and-done visit with high-quality care.?

The dental clinic makes their patients? health and comfort their top priority. Whether it involves Dental Crowns or Dental Bridges, The Art of Dentistry assures that they will always help their patients understand exactly what procedures they are undergoing so that they can feel secure in their treatment.

In addition to these restorative procedures, The Art of Dentistry also offers Invisalign, which can help people achieve a more beautiful smile with straighter teeth. Invisalign has the all the benefits of braces without any of the drawbacks. With Invisalign, patients can eat normally, clean easily and remove it when they need to. For those who want to correct their crooked teeth but want to do so with convenience and comfort, Invisalign is the perfect choice.

Turner says, ?Everything we do at The Art of Dentistry is done with our patients in mind. Both Dr. Addleson and Dr. Landau and the entire team are dedicated to helping you maintain healthy dental hygiene and a beautiful smile. If you?re looking for restorative procedures, improved dental health or any other dental treatment of any kind, reach out to us and we?ll make sure that you get the smile you deserve today.?

The services provided by The Art of Dentistry have allowed the San Diego dentist to earn rave reviews from their patients. On the Google platform, where they have a near-perfect rating of 4.9 out of 5 Stars, Larry W. writes, ?I have personally taken myself and son to Dr. Campbell for well over 15 years. His outstanding service and staff (e.g. Debbie, and the professionals he has surrounded himself with) has never wavered. The Art of Dentistry receives my highest recommendation.?

Meanwhile in another 5-Star review, Suzanne Weiss writes, ?I found this office based on their excellent reviews when I first moved to California almost eight years ago. My experience with them has lived up to their reputation, and I would never go anywhere else. I have referred my husband, my son and my best friends to the office as they really have their act together and do very high-quality dentistry. I was raised in a family of dental professionals and know what to look for in a dentist and staff. The office is immaculate, they are extremely accommodating, and Dr. Landau is extremely skilled, gentle and never gives me anything I don?t absolutely need. This is a world class practice, and very highly recommended.?

Those who want to learn more about The Art of Dentistry and their services are welcome to visit the dental clinic?s website for more information. They encourage interested parties to get in touch with Merri Turner directly via email or phone. Alternatively, the dental office can also be reached through the contact form on their website. The Art of Dentistry maintains a presence on Facebook where they frequently post updates, share media and communicate with their patients.
