More and more people are committed to working out and becoming fit, toned, and healthy. Las Vegas, NV company Rip Toned Fitness wants to help people achieve their goals effectively and safely. To do this, they have developed a number of fitness products that have been proven to be popular. Lately, they have been expanding their market, focusing on various countries in Europe as well. They are now proud to announce that their best selling product, the Rip Toned's lifting belt, is now available in Spain through the Amazon marketplace.

Mark Pasay, spokesman for Rip Toned Fitness, says: "We want to encourage more people to become committed to their health and fitness. Our contribution to that is to make affordable accessories and tools that are of the highest possible quality. We have proven our capability to do so on the domestic market and have decided to now offer our customers in Europe the same opportunity. Aside from Spain, our lifting belt is also available in the United Kingdom, Germany, and France."

The Rip Toned Fitness lifting belt has been a best selling item on the domestic Amazon market for some time now, where it has received many positive reviews. The company guarantees the quality of their products with

a lifetime warranty. Furthermore, they help people on their fitness journeys by producing regular web content, and by publishing how-to-use video tutorials on how to use their different products.

Those who have purchased and used the lifting belt in the past have been full of praise about the product. Joanna A. says on the company's website: "This is my 1st personal weightlifting belt. I had used a couple other belts before (used gym partners). I like this belt a lot. It is a very well made good quality weightlifting belt. It fits well and is very comfortable. It gave me great support while doing my squats. I can't wait to use this belt some more. I highly recommend this belt." Customers also regularly hail the fantastic service they have received from the company.

The lifting belt is now available through Amazon.es, and a lot of interest has already been expressed.
