New MoldStar Remediation Video Post: "What Happens During a Mold Remediation"

March 11, 2021

March 11, 2021 - PRESSADVANTAGE -

MoldStar Remediation, a water mitigation and mold remediation company in Atlanta, GA, announced their video "What Happens During a Mold Remediation??. The video is part of a series of content in which owner Jeremy Shelton answers frequently asked questions. The video provides an in-depth explanation of the mold remediation process. The video and a corresponding blog post can be viewed on the company's website under the resources tab.

Having served the Metro Atlanta area for more than a decade, MoldStar Remediation separates itself from the competition regarding mold restoration and indoor air quality. The owner, Jeremy Shelton, holds certifications in Water Damage Restoration and Applied Microbial Remediation through IICRC, the top indoor environmental accreditation body. Shelton is also a Certified Microbial Consultant through ACAC, the American Council for Accredited Certification. Shelton's professional experience has made him one of the leading toxic mold experts in Atlanta.

When asked for a comment about the post, Shelton had this to say, ?Helping to educate homeowners about indoor air quality is my passion. There are so many sources of information out there, some good and some

bad. After suffering from my own mold related health issues for years, I understand what people are looking for. Hopefully we?re able to answer some questions in these posts and if people do in fact need to speak with a professional I?d like to think they?ll call us?.

Homeowners located within Atlanta, Sandy Springs, Roswell, Marietta, and other surrounding Metro Atlanta areas suffering from toxic mold exposure are invited to speak with the MoldStar Remediation team to schedule a free consultation.

Real Estate Agents, Plumbers, Home Inspectors, and other local service businesses or licensed tradesmen or tradeswomen are invited to reach out to the MoldStar team to be featured on the resources page.
