Apex Pest Control Sheffield Is Offering NPTA Certified Pest Control Services

April 20, 2021

April 20, 2021 - PRESSADVANTAGE -
Apex Pest Control in Sheffield, South Yorkshire is offering pest management services from NPTA (National Pest Technicians Association) certified technicians and surveyors. The company?s employees are trained under the BPCA and the RSPH.

The company offers pest management services for almost all kinds of pests such as bedbugs, biscuit beetles, black ants, carpet beetles, cockroaches, feral pigeons, fleas, squirrels, honey bees, mice, moles, rats, wasps, and woodworms. They offer their services to domestic households, commercial establishments, and agricultural and forest properties.

The company?s employees arrive at the customer?s residence in discreet unmarked vehicles so that the neighbors don?t have to know that the customer is availing of pest management services. They provide fully qualified engineers who have been trained thoroughly in all aspects of the trade. They charge competitive rates on par with other local services. They offer full public liability insurance for all the jobs they accept.

The average cost of professional pest services in Yorkshire, as of 2021, will be between £50 to £165 per visit. The cost will vary based on the location, the type of pest issue, and the extent of the infestation. The charges for ant infestations start at £65, rats and mice infestations run anywhere from £75 to £125, squirrel & mole infestations start from £45 per visit, beg bug treatments start from £165, wasp control runs anywhere from £50 to £125, and bird & pigeon control requires site inspection for a quote. Additional visits start from £25.

The company also offers deep clean disinfectant treatments for homes, offices, and other workplaces on account of the worldwide COVID-19 pandemic. The company?s process entails disinfecting all multi-touch areas such as door handles, handrails, or any areas which may be touched multiple times throughout the day with PX Ornikill. Once this is complete throughout the premises, the company?s technicians then treat each

room with a PX ULV which creates an airborne disinfectant fog, which comes into contact with all visible surfaces in each room, killing all bacteria including the coronavirus.

A spokesperson for Apex Pest Control talks about the company?s core strengths by saying, ?We have over 30 years of experience in this industry. We leverage the knowledge that we have earned over our lifetime to deliver the highest possible quality of pest control services in all of Sheffield, Rotherham, and Barnsley in the South Yorkshire area. We are registered under the industry governing bodies NPTA, BMCR and CHAS for domestic and commercial pest control. When you come to us, you are guaranteed the best possible pest control service for your money from an experienced crew that knows exactly what to look for when surveying your residence or business. They back up their diagnosis with battle tested, professionally administered pest control procedures that will make your pest problems a thing of the past. Contact us today to book an appointment and find out why our clients rate us so highly.?

Apex Pest Control offers its services in most areas in Sheffield such as Arbourthorne, Attercliffe, Beauchief & Greenhill, Beighton, Birley, Broomhill & Sharrow Vale, Burngreave, City Centre, Crookes & Crosspool, Dore and Totley, Ecclesall, Firth Park, Fulwood, Gleadless Valley, Graves Park, Hillsborough, Manor Castle, Mosborough, Nether Edge & Sharrow, Park Hill, Richmond, Shiregreen & Brightside, Southey, Stannington, Stocksbridge, Walkley, Whirlow, and Woodhouse.

A review of Apex Pest Control?s service by Hayley T. says, ?We used Apex to treat our whole house for woodworm as we had light patches on every floor and a heavy patch on another. Tony was professional, had so much more knowledge than the other people who quoted, gave us great advice and he was reasonably priced. Great and personable service and I would 100% recommend them.?

The business?s Sheffield location can be contacted at the phone number 0114 3491098. Its working hours are from Monday to Friday 8 AM to 7 PM. On the weekends it is open from 8 AM to 3 PM. Customers can also make appointments on its website by filling out a contact form.
