

Neighborhood Garage Door Service Launches Online Booking Service

October 31, 2017

October 31, 2017 - PRESSADVANTAGE -

Carrollton, TX business Neighborhood Garage Door Service is proud to announce that they have a new online booking service available on their website. This allows people to book an appointment with the company to have their doors inspected, repaired, replaced, or installed, at a time that is convenient for them. The new booking service is available through the company's home page at <http://www.garagedoorservice.com>.

A representative from Neighborhood Garage Door Service was quoted as saying: "We want to be a friendly neighborhood service, one in which we are part of the community. Hence, we want to make sure people can reach us with ease, at a time that is convenient to them. No more worrying that you can't make an appointment because you couldn't phone us within business hours. It can all be done online."

The company prides itself on always putting the customer first. They offer services on garage doors and garage door openers. They can offer repair and installation for all types of garage doors, including overhead doors. It has been observed that these things often break down as a result of the spring malfunctioning, something very few people know. What some believe might be a hugely expensive replacement, in other

words, often only needs to be repaired.

The representative adds: "We are not in the business of charging people for things they do not need. Rather, we want to make sure that they have the tools and facilities they need to get into their home and garage, at a price that they can afford."

Those who have used the services of the company have been full of praise about their experiences. Eugene S. says on the company website: "Great service, I emailed for an appointment and was put in touch with a representative quickly. Willie showed up on time for my appointment, explained to me the services, and made sure I understood why he was doing the repairs he did. The pricing was great, and I'm happy to have chosen them. For any future door services, I'll be going with them."

People are encouraged to contact Neighborhood Garage Door Services through their website to make an appointment.
