JM Roofing Company of Pensacola Expand Into a New Central Location

July 19, 2021

July 19, 2021 - PRESSADVANTAGE -
JM Roofing Company of Pensacola is a locally-owned and operated business that has faithfully been serving its Florida area customers for many years now. It?s also a 5-star rated business that is constantly looking for new ways to better serve those customers. Evidence of this is demonstrated by the fact that the company just recently expanded into a new central location in Pensacola. Now those customers in Gulf Breeze, Warrington, West Pensacola, Myrtle Grove, Brent, Ensley, Ferry Pass, and other nearby cities will have quicker access to JM Roofing Company of Pensacola?s wide variety of commercial and residential roofing services. This will be especially helpful to those whose roofs get damaged by one of the frequent strong storms that pass through the Florida panhandle. The company?s customers will now experience unprecedented response times due to being closer to the new company office.

The company?s founder, Joshua Miller, says, ?It?s always a goal here at our roofing company to better serve our local Pensacola home and business owners. Our new centralized location gives us the capacity to do that better than ever before. This recent expansion should enable us to not only meet our customers' roofing expectations but will help us far exceed them.?

Miller went on to say that their new location is at 225 N Pace Blvd, Ste 102, in Pensacola and that even the company?s representatives and roofing techs will benefit from having this new location. They will spend less time driving and more time working and be able to get home to their families faster at the end of a hard workday. He firmly believes that having this new centralized location is a win-win situation for everyone.

No matter what location the company?s crews are working out of, Miller added that customers will have access to all of JM Roofing Company of Pensacola?s reputable roofing services. This includes their whole roof replacements which are great for taking older or problematic roofs and once again making them look great and completely watertight. There are even 50-year guarantees available from the company for this type of roofing work. On the residential side, they also do other smaller and larger types of roof repairs,

emergency roof repairs, leak detection & resolution, and siding, window, and gutter replacements. The company founder mentioned that when it comes to commercial roofing work, they are flat roof covering application specialists. This includes their crew?s ability to put down TPO, EPDM, rolled, PVC, and other flat roof coverings.

Those who have experienced JM Roofing Company of Pensacola?s services for themselves have been extremely satisfied with the completeness of those services. Jennifer Poston stated, ?Best quality I've had out of the 3 roofing jobs I've had done in my life. Karissa was always professional, on time, and thoroughly versed me in every concept of the roofing job. Everything that was done to my roof was documented through phone calls, photos, text messages, and emails. I highly recommend JM Roofing for all your needs. Ask for Karissa, she is legendary.? Kristopher Wood wrote, ?This business has amazing and respectful employees, they are very honest with their estimates and, will go out of their way to work with you to get your repairs done. JM Roofing was very prompt in getting back with us on what they evaluated needs to get done as well as offering an affordable price. Their roofing packet is chalked full of great information so you know the quality of what they are providing as well.? These are two of the 43 reviews that have been left on the company?s services and all of them rate JM Roofing Company of Pensacola 5 out of a possible 5-stars.

Miller stated he is also proud of the fact that his company is very well reviewed on other websites such as on Yelp.com and they have a BBB best A+ rating. These go along with the many other awards and certifications that JM Roofing Company of Pensacola has been recognized with. Those in Pensacola and the surrounding areas can get more information on the roofing services that this company offers by calling them, sending them an email, or by going to their website which is located at https://www.jmroofingpensacola.com/.
