Pensacola, Fla. ? Gulf Coast Merchant Services, a leading provider of merchant services in Pensacola, FL, is readily making plans to introduce a new program to its list of services.

Dubbed the Cash Discount Program, the product/solution would allow for monthly merchant service fees paid by businesses to be reduced as much as 95 percent. Essentially, when a customer pays their bill, the business can off them a cash discount and a small service charge for utilizing other payments.

Steven Cadenhead, who is the owner of Gulf Coast Merchant Services, said, ?We?re looking forward to seeing what our customers have to say about a discount program like this. We believe that this is a needed addition to our company when compared to the other go-to options in the industry.?

The expert in credit card processing in Pensacola, FL, is always looking for ways to make transaction duties smoother for both businesses and consumers. With the possible addition of the Cash Discount Program, both sides will have the ability to pick and choose where and when to save money.

?We?re still working out the parameters of a program like this but we firmly believe that it would be a great addition to our list of available services,? Steven said.
