Minneapolis Water Damage Specialist 24/7 Offers Professional Water Cleanup Services

August 03, 2021

August 03, 2021 -
Minneapolis, MN based Minneapolis Water Damage Specialist 24/7 is pleased to announce that they are offering professional water cleanup services for residential and commercial properties in the greater Minnesota area.

Minneapolis Water Damage Specialist 24/7 is a reputable water cleanup service provider dedicated to helping Minneapolis and surrounding areas deal with water damage. They extend their services to both businesses and homeowners. As a result, many property owners have expressed their support of the company and their work, leading to them becoming the number one Google reviewed-and-rated service in Minneapolis for water clean up, water removal and water damage restoration services. They are extremely thorough in implementing the latest CDC, EPA and OSHA guidelines, as they value the safety of customers and technicians alike above all else.

When dealing with water damage, swift action is needed to prevent widespread and permanent loss. As such, it is important to immediately request the services of water clean up professionals (such as Minneapolis Water Damage Specialist 24/7) to save a property and its owners from any further damage and stress that can be caused by storms and floodwater. Minneapolis Damage Specialist 24/7 is always available to help customers deal with water damage issues that range from frozen pipes to flash floods, raw sewage and much more.

They also wield the necessary expertise and training ? backed up by up-to-date certifications ? needed to provide safe, proper and efficient water clean up services. In fact, Minneapolis Water Damage Specialist 24/7 has been certified by the Institute of Inspection Cleaning and Restoration Certification not only as a Minneapolis water remediation provider but also in mold remediation and mold mitigation. They follow all guidelines and procedures for safe and proper water clean up. When it comes to water clean up and water damage restoration, few companies in Minneapolis can match Minneapolis Water Damage Specialist 24/7.

Minneapolis Water Damage Specialist 24/7 makes use of the latest technology to provide their water clean up and water damage restoration services. They utilize the FLIR b60 lightweight infrared camera, a heavyweight-performing infrared camera that is great for performing building inspections. This makes it the ideal tool for detecting moisture and water damage while eliminating the need for demolition in assessing customers? homes. They also have the Delmhorst Navigator Pro Moisture Probe, the latest probe from Delmhorst designed to fulfill the tasks of a thermo-hygrometer while providing accurate pin and pinless moisture measurements. The company also uses the powerful Hydro-Force FX88 portable extractor, which is capable of extracting 20 gallons of water per minute. The rest of the equipment that they use is also state-of-the-art.

However, Minneapolis Water Damage Specialist 24/7?s modern equipment is only part of the reason for the high quality of their work. Another important component to their service is their technicians. As a reputable full-service restoration company, their technicians have all the training, knowledge and experience needed to resolve a wide variety of water damage situations. This is very important in the field of water clean up and water damage restoration, as the specifics of the repair process differs from case to case. Each situation can vary in scope, intrusiveness, water level, water type and more. A discerning eye and skilled hand is needed to ensure that each emergency is dealt with in the best possible manner.

Minneapolis Water Damage Specialist 24/7 also provides storm damage repair, sewage cleanup, fire damage restoration, mold remediation and so on. This makes them a full-service restoration provider that homeowners and businesses alike may approach for comprehensive assistance.

Reviews of Minneapolis Water Damage Specialist 24/7 and their services are largely positive. Chad Hobot says in a 5-Star Google review, ?We had a frozen pipe upstairs during the cold snap in February when we were away. We had six inches of water in our basement from it running down the walls. Minneapolis Water Damage Specialist 24/7 worked with me and my insurance agency to get the water out and dried up, and then they fixed the walls. They were professional, and I recommend them.?

Residential and commercial property owners who are trying to find storm damage companies are encouraged to visit the official Minneapolis Water Damage Specialist 24/7 website to learn more about their services. Jeff Rudek of Minneapolis Water Damage Specialist 24/7 can be reached for further details as well.
