Haddon Township, N.J. ? VSA Inc. is thrilled to celebrate its 10-year anniversary with its first major referral partner, Tele-Center. VSA, Inc. is a B2B call center that runs telemarketing, lead generation and appointment setting campaigns for their clients. Tele-Center is a free call center referral service that helps clients identify, evaluate and select outsource partners that can satisfy the requirements of their inbound and outbound telemarketing programs.

?Tele-Center was instrumental in propelling our very early growth as a company and continues to help us today,? remarks Valerie Schlitt, president and founder of VSA Inc. ?In fact, we recently received two wonderful referrals from Tele-Center that we are very excited about, one in an industry we wish to grow in and another in an industry we already have a strength in that we hope to capitalize on. They have been a great fit for our appointment setting firm. I am beyond grateful for this partnership and thrilled to celebrate 10 years with them.?

VSA first learned about Tele-Center through a professional networking organization that Valerie Schlitt belonged to back in the early 2000?s. One of the very first clients Tele-Center referred to VSA is still with

them today on a regular basis and several other of the firsts remained with VSA on a project basis for eight to nine years.

Andrew Pauson, president of Tele-Center, is also excited to reach this 10-year benchmark with VSA. ?At Tele-Center, our success is predicated on the quality of firms we refer to. Whenever I come across a client whose needs fits what VSA offers, I am thrilled to refer them over because I know they will do a wonderful job. This is a mutually beneficial partnership and one that I hope will continue for a long time.?
