Napolin Accident Injury Lawyer Riverside, a firm based in Riverside, CA, wants to point out that when someone they know recently passed away due to the negligence of someone else and they require the services of compassionate wrongful death lawyers Riverside residents can consult with their firm. They are providing free case consultation to those who have a wrongful death case. A wrongful death claim may be filed by the surviving family members or by a representative of the estate of the person who died, on behalf of the surviving family family members who have been affected by the death of that person.

Injuries caused by an accident that resulted from the negligence of another person will need to be handled by a law firm with a track record of success. However, a firm?s past successes and length of experience are not sufficient to guarantee the success of a specific case. This can only be assured through the proper analysis of that particular case and its prompt prosecution. That is the reason why Napolin Accident Injury Lawyer Riverside focuses on the client instead of pointing out how much they have collected for others.

Alexander D. Napolin, founder of the firm, is a 100 percent plaintiff-side personal injury lawyer. He explains, ?That means that I will never defend any insurance companies. This ensures that there will never be any conflict of interest when I accept a personal injury case. And it is important to note that the success of a case is dependent on several factors and two of the key factors is the correct assessment of the case and its timely prosecution.?

He wants to remind those who have been injured in an accident that the insurance adjuster who may approach them soon after the incident, offering a settlement, is not really interested in what is best for them. That is because they work for the insurance company of the person who caused the injury as a result of negligence and are only trying to minimize the costs for the company. Thus, it is always advisable to consult with a car accident lawyer in Riverside instead.

The California wrongful death law provides surviving family members or the estate of the deceased to file a lawsuit for damages when the death was the result of another person?s wrongful act, whether it was intentional, reckless, or negligent. This is specified in the Code of Civil Procedure 377.60. The damages may include but are not limited to: funeral and burial costs; compensation for the loss of the support and companionship of the deceased; and the amounts that would have been earned by the deceased as income.

It is important to note that punitive damages are not available in a California wrongful death lawsuit. Punitive damages may only be obtained through a California ?survival? cause of action under CCP 377.30. Survival causes of actions are filed on behalf of the deceased person?s estate as compensation for losses suffered by the victim from the wrongful act.

Several clients who have experienced the services provided by Napolin Accident Injury Lawyer Riverside have expressed their satisfaction with the services they received. For example, James K. had given them a five-star rating and said, ?My accident happened last year and I wasn?t sure about hiring a lawyer. I?ve never had to before in my life. Alexander calmed me down with his advice and it?s made a big difference in my life. The money is important and I was relieved to find out that my interests came number one with this company. Kind of the opposite of what I expected from lawyers.?

Established in 2011, Napolin Accident Injury Lawyer has now developed into a well-rounded California law firm that specializes in accident injury cases.
