March 14, 2018 - PRESSADVANTAGE -

The Law Offices of Jerry J. Trevino, based in Corpus Christi, TX, is proud to announce that they have released their new official commitment to their clients. They feel that having a clear ethos and vision for their law firm would provide far greater clarity for their clients. The firm's new official ethos and vision have been positively received by clients.

Jerry Trevino himself says: "We are dedicated to making a positive difference in the lives of our clients. We represent clients who are often facing a difficult time in their lives after an accident, whether the person has suffered a serious injury in an auto accident or a work accident. Whatever type of injury has been experienced, we can work to get you fully compensated."

As part of the new official ethos and vision, the firm of the auto accident lawyer in Corpus Christi, TX, is fully committed to quality client service. They offer fully personalized, responsive services based on the needs of their individual clients. Trevino himself has been passionate about properly representing his clients for over two decades. He is both a skilled negotiator and trial lawyer and his track record speaks for itself.

Their new ethos also includes offering clients the best of both worlds. Trevino explains: "As a person facing a difficult legal challenge, you should not have to choose between the experience offered by a large law firm and the personal service offered by a small law firm. At our firm, you do not have to sacrifice personal service for experienced representation."

Furthermore, Jerry Trevino believes in experience that makes a difference. He started representing clients in 1992. He has taken on a narrow focus in the type of representation he offers, thereby ensuring that he knows all there is to know about personal injury. This is something his clients can take advantage of and, as clearly indicated in the firm's AVVO reviews, this has also been greatly appreciated.

Trevino says: "We are committed to helping people who have been injured by the negligence and wrongdoing of others. We handle a wide range of personal injury claims, including auto accidents (e.g. car, truck, motorcycle and pedestrian accidents), premises liability, work accidents, other general negligence claims and wrongful death claims."
