

Nufabrx Offers Facebook Friends Coupon

June 26, 2015

June 26, 2015 - PRESSADVANTAGE -

With July 4th just around the corner, Nufabrx, a Seattle, WA-based business, is promoting their Nufabrx pillowcase for blemish prone skin by offering a special Facebook discount for their friends. Those who purchase the pillowcase can enter coupon code Friends20 at checkout to receive 20% off. The promotional code will expire on July 4, 2015, so customers are encouraged to order while supplies last.

"We want to promote good health and proper sleep," says Jordan Schindler from Nufabrx. "Our pillowcase helps people to achieve that, and we want to make sure everybody has an opportunity to try it! We are also promoting our Facebook page, where customers can join a community promoting healthy living."

Through the Nufabrx Facebook page, people can be kept up to date with information on developments in the pillowcase and other Nufabrx products. Furthermore, those who like the page will be first to hear about new coupon codes, discounts and other special offers. The page is a great place to find out more information about healthy living and sleep, while connecting users who are currently benefitting from the Nufabrx pillowcase.

Nufabrx explains that sleeping on a dirty pillowcase can cause blemishes. Indeed, through scientific research, it has been found that there no difference between the bacteria found on pillowcases and those found on toilet seats. As a result, dermatologists suggest that pillowcases in particular should be washed every two or three days. However, the reality is that very few people actually wash their bedding that often. Nufabrx has developed a pillowcase that only needs to be washed once a week.

On the Nufabrx Facebook page, people have left a range of positive reviews for the pillowcase. "My aunt bought this pillowcase for me, and I love it," says Juniper Ross. "The smell is phenomenal, and my breakouts have definitely decreased. I recommend this pillowcase to everyone I know, and it's the best gift I've found for birthdays and graduations!"

Nufabrx has a patent pending on their technology, which uses nanotechnology to imbed a serum into the pillowcase that helps to reduce bacteria by 91.5%. Additionally, they have focused on making their pillowcases extremely soft and luxurious. The Nufabrx pillowcase for blemish prone skin is the perfect gift for young people who experience acne, or anyone else suffering from frequent breakouts, such as pregnant women or individuals with hormonal fluctuations. The serum is designed to clear the skin, but it also has a soothing aroma that helps users sleep better. Made from 100% natural bamboo fibers and essential oils, the Nufabrx Pillowcase is easy to use and good for the environment.
